#### **INTRODUCTORY**

This compilation containing the Appropriation Accounts of the Government of Kerala for the year 2020-2021 presents the accounts of sums expended in the year ended 31 March 2021, compared with the sums specified in the schedules appended to the Appropriation Acts passed under Articles 204 and 205 of the Constitution of India.

In these Accounts -

'O' stands for original grant or appropriation

'S' stands for supplementary grant or appropriation

'R' stands for reappropriations, withdrawals or surrenders sanctioned by a competent authority.

Charged appropriations and expenditure are shown in *italics*.

The following norms approved by the Public Accounts Committee of Kerala Legislature have been adopted for selection of Heads of account for the purpose of comments on the Appropriation Accounts.

#### **Saving**

- I When overall saving does not exceed 2% of the total provision in the Grant or charged Appropriation, comments are to be made on the variations (both excess and saving) exceeding ₹ 100 lakh in individual sub-heads.
- II When overall saving exceeds 2%, comments are to be made in individual subheads (saving as well as excess partly offsetting the overall saving) in the Grants or charged Appropriations according to the following limits:
  - (i) Comments are to be made in individual sub-heads for saving of ₹ 10 lakh or 10% of provision whichever is higher where total provision does not exceed ₹ 10 crore.

- (ii) Comments are to be made in individual sub-heads for saving of ₹ 15 lakh or 10% of provision whichever is higher where total provision exceeds ₹ 10 crore but does not exceed ₹ 50 crore.
- (iii) Comments are to be made in individual sub-heads for saving of ₹ 20 lakh or 10% of provision whichever is higher where total provision exceeds ₹ 50 crore.

#### **Excess**

#### All Excesses over the provisions require regularisation of the Legislature

- I General comments are to be made for regularisation of excess over the provision in all cases where there is overall excess (any amount).
- II When the overall excess is substantial in the Grants or charged Appropriations and there are a number of individual sub-heads having excess, comments are to be included according to the following limits:
  - (i) Comments are to be made in individual sub-heads for excess exceeding ₹ 5 lakh or 10% of provision whichever is higher where total provision does not exceed ₹ 50 crore.
  - (ii) Comments are to be made in individual sub-heads for excess exceeding ₹ 10 lakh or 10% of provision whichever is higher where total provision exceeds ₹ 50 crore, but does not exceed ₹ 200 crore.
  - (iii) Comments are to be made in individual sub-heads for excess exceeding ₹ 15 lakh or 10% of provision whichever is higher where total provision exceeds ₹ 200 crore.

Notwithstanding the ceiling of 10% of the provisions under the sub-heads, all variations of ₹ 100 lakh and above and variations wherever it is considered important or worthy are also to be commented.

The details of recoveries referred to above are given in Appendix II.

During the year, the State Government have issued orders for the resumption of unutilised amount left in various Treasury accounts at the end of March 2021 to the Consolidated Fund. Treasury Officers concerned were directed to effect the resumption. The amount so resumed were credited back to the relevant ROP head of account from which the original expenditure was booked and also to a single common head of account viz "2075-00-911-94 Deduct Recoveries-Refund of amounts resumed from the idling Treasury accounts" under the revenue section, irrespective of the classification of budget allocation from which the amount were originally drawn. The figures booked and rendered by the treasuries in respect of resumption of fund from the Public Account to the Consolidated Fund during the year are retained for the preparation of Appropriation accounts 2020-21.

## Certificate of the Comptroller and Auditor General of India on Appropriation Accounts

This compilation containing the **Appropriation Accounts** of the Government of Kerala for the year ending 31 March 2021 presents the accounts of the sums expended in the year compared with the sums specified in the schedules appended to the Appropriation Acts passed under Articles 204 and 205 of the Constitution of India. The Finance Accounts of the Government for the year showing the financial position along with the accounts of the receipts and disbursements of the Government for the year are presented in a separate compilation.

The Appropriation Accounts have been prepared under my supervision in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 and have been compiled from the vouchers, challans and initial and subsidiary accounts rendered by the treasuries, offices and departments responsible for the keeping of such accounts functioning under the control of the Government of Kerala and the statements received from the Reserve Bank of India.

The treasuries, offices, and/or departments functioning under the control of the Government of Kerala are primarily responsible for preparation and correctness of the initial and subsidiary accounts as well as ensuring the regularity of transactions in accordance with the applicable laws, standards, rules and regulations relating to such accounts and transactions. I am responsible for preparation and submission of Annual Accounts to the State Legislature. My responsibility for the preparation of accounts is discharged through the office of the Principal Accountant General (Accounts and Entitlement). The audit of these accounts is independently conducted through the office of the Principal Accountant General (Audit II), Kerala in accordance with the requirements of Articles 149 and 151 of the Constitution of India and the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971, for expressing an opinion on these Accounts based on the results of such audit. These offices are independent organizations with distinct cadres, separate reporting lines and management structure.

The audit was conducted in accordance with the Auditing Standards generally accepted in India. These Standards require that we plan and perform the audit to obtain reasonable assurance that the accounts are free from material misstatement. An audit includes

examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements.

On the basis of the information and explanations that my officers required and have obtained, and according to the best of my information as a result of test audit of the accounts and on consideration of explanations given, I certify that, to the best of my knowledge and belief, the Appropriation Accounts read with observations in this compilation give a true and fair view of the accounts of the sums expended in the year ended 31 March 2021 compared with the sums specified in the schedules appended to the Appropriation Acts passed by the State Legislature under Articles 204 and 205 of the Constitution of India.

Points of interest arising from study of these accounts as well as test audit conducted during the year or earlier years are contained in my Financial, Compliance and Performance Audit Reports on the Government of Kerala being presented separately for the year ended 31 March 2021.

#### **Emphasis of Matter**

I want to draw attention to the following significant issues which are important from the point of view of accuracy, transparency, and completeness of these accounts and maintaining legislative financial control over public finances:

- 1. There was an excess disbursement of ₹1,462.79 crore over the authorisation made by State Legislature under ten grants/appropriations during the financial year 2020-21. An excess disbursement of ₹9,863.52 crore pertaining to the years 2011-12 to 2019-20 is yet to be regularized by the State Legislature. This is in violation of Article 204 of the Constitution which provides that no money shall be withdrawn from the Consolidated Fund except under appropriation made by Law by the State Legislature. This vitiates the system of budgetary and financial control and encourages financial indiscipline in management of public resources.
- 2. During 2020-21, against the original provision of ₹1,70,431.18 crore, an expenditure of ₹1,84,877.39 crore was incurred and supplementary provision of ₹38,515.61 crore was also made. There were variations (11.52 per cent) between the total grants/appropriations and expenditure incurred, leading to a net savings of ₹24,069.40 crore under 37 grants/appropriations, the reasons for the same were either not appropriately explained or not furnished in the Appropriation Accounts. In view of the overall net savings, the supplementary provision of ₹947.52 crore in 18 cases of 15 grants proved unnecessary as

the original provisions was not exhausted. This indicates improper scrutiny of budget estimates at various levels of Government and poor budget management.

The Audit observations on the above issue have been detailed in the State Finance Audit Report for the year ended March 2021.

#### (xiv) Suspense Transactions

- (a) No expenditure incurred under this Grant under 'Suspense' during 2020-21. This is not a final head of account but is meant to accommodate certain transactions in respect of which further payment or adjustment of value is necessary before transactions could be completed and finally accounted for.
- (b) The operations under the minor head 'Suspense' are accounted for under the five sub heads, 'Stock', 'Miscellaneous Works Advances', 'Workshop Suspense', 'Stores/Service Advance' and 'Stores/Service rendered'. The nature of transactions under each of these heads is explained below:-
- 1. Stock:- The value of materials procured for general purposes and not for specific works identified ab initio, is debited to this head of account. It is credited with the value of materials issued to works or transferred to other divisions or sold. The advances paid in connection with the procurement of materials for stock are also debited to this head and adjustments are made on receipt of materials. This head normally shows a debit balance representing the value of materials in stock, unadjusted advances and unadjusted charges connected with manufacture. When materials are received and issued to works before making payment or adjusting the debits representing their cost, the head will show a credit balance.

- 2. Miscellaneous Works Advances:- The debit represents (i) value of stores sold on credit, (ii) expenditure incurred on deposit works in excess of deposits received, (iii) loss of cash or stores and (iv) sums recoverable from Government Servants, etc. The debit balance represents amount recoverable or debits adjustable to final heads.
- 3. Workshop Suspense:- The charges in respect of jobs executed by or other operations in the Public Works Department Workshops are debited to this head, pending recovery or adjustment.
- 4. Stores/Service Advance:- Consequent on the introduction of Cash and Carry system for inter-divisional transactions with effect from 1st April 1998, advance payments made for supply of stores by the indenting divisions are debited to this head. The invoice-cum-bill received from the supplying divisions is to be adjusted by the indenting divisions affording minus debit to this sub head. The transactions under this head are to be settled within the same financial year.
- 5. Stores/Service rendered:- This head is minus debited with the amount of cheque received from the indenting divisions for supply of stores under the Cash and Carry system. On actual delivery of stores, this head is debited clearing the minus debit. The transactions under this head are to be settled within the same financial year.
- (c) An analysis of 'Suspense' transactions accounted for under this Grant during 2020-21 with the opening and closing balances under the different sub heads is given below:-

(a) The minus balance represents credit balances. Reasons for the credit balance under 'Stock' have not been intimated. The minus balance under 'Workshop Suspense' and Stores/Services rendered was due to overhead charges taken credit of under this head at the time of invoicing, which are pending adjustment to the Revenue head.

#### (xv) Subventions from Central Road Fund

The additional revenue realised from the increase in excise and import duties on motor spirit is credited to a Fund constituted by Government of India. From that Fund, subventions are made to the States for expenditure on schemes of road development approved by Government of India. The amount received as subvention from Government of India is credited under '1601 Grants-in-aid from Central Government' and an equivalent amount transferred to a deposit account '8449 Other Deposits-103-Subventions from Central Road Fund' by debit to '3054 Roads and Bridges' under this Grant.

The actual expenditure on the schemes is initially booked under this Grant against appropriate final heads. Subsequently, so much of the expenditure as is to be met out of the Fund is transferred to the deposit account.

During 2020-21, ₹2,73,99.00 lakh was credited to the Fund by debit to this Grant. Expenditure of ₹2,73,99.00 lakh spent on the schemes financed out of subvention was debited to the Fund. The balance at the credit of the Fund on 31 March 2021 was NIL.

## (iv) State Disaster Response Fund

The State Disaster Response Fund (SDRF), constituted under Section 48(1) (a) of the Disaster Management Act 2005, came into force with effect from 1 April 2010, replacing the Calamity Relief Fund which was in operation till the end of the financial year 2009-10. As per the guidelines on Constitution and Administration of SDRF based on the recommendation of the XIV Finance Commission, all natural calamities such as cyclone, drought, earthquake, fire, flood, tsunami, hailstorm, landslide, avalanche, cloud burst, pest attack, frost & cold wave qualify for relief under this Scheme. The State Government can use up to 10 per cent of the funds available under the SDRF for natural disasters that they consider to be 'disasters' within the local context in the State and which are not included in the notified list of disasters of the Ministry of Home Affairs also qualify for relief under this scheme. The size of the Fund for Kerala State for the year 2020-21 fixed by XV Finance Commission is ₹4,19,00.00 lakh, 75 per cent of which is contributed by the Central Government in the form of grant and balance 25 per cent is contributed by the State Government.

The total contribution is transferred to the Fund under the head of account `8121 General and other Reserve Funds - 122 State Disaster Response Fund' under the sub sector 'Reserve Funds bearing interest', after making provision for the purpose in this Grant under the head of account '2245-Relief on account of Natural Calamities 05- State Disaster Response Fund 101 - Transfer to Reserve Fund and Deposit accounts - State Disaster Response Fund'. Augmentation of provision of ₹6,83,60.45 lakh through reappropriation was mainly for reallocation of funds to the untied portion of the General Sector grant of LSGI's for the financial year 2020-21 consequent on distribution of awards under the 15<sup>th</sup> Finance Commission, devolution of funds to the local self government institutions based on the general sanction issued on 12-03-2021 and utilisation of unspent balance of the provision to the flood affected LSG's during 2019-20.

This was partly offset by saving of  $\ge 6,67,84.49$  lakh,out of which  $\ge 5,43,27.00$  lakh was due to reallocation of fund from this head under General Sector of LSGI's for the distribution of awards under the 15<sup>th</sup> Finance Commission.

Reasons for the balance anticipated saving (₹1,24,57.49 lakh) and final saving have not been intimated (July 2021).
