GOVERNMENT OF KERALA
Abstract

Forest & Wild Life Department - Eviction of encroachments - Implementation of the direction of Government of India - Constitution of State Level Monitoring Committee - Orders issued.

FOREST & WILD LIFE (C) DEPARTMENT

G.O.(Ms)No.69/2002/F&WLD.

Dated, Thiruvananthapuram 8-11-'02.

- Read:- 1) Letter No.7-16/2002/FC dated 3-5-2002 from Government of India.
2) Letter No.L3-8343/2002 dated 17-6-2002 from the Chief Conservator of Forests (P), Thiruvananthapuram.
3) G.O.(Ms)No.53/2002/F&WLD.dated.20-9-2002.

O R D E R

Letter read above has informed Government of India in the letter read above has informed that the problem of encroachments of forest land is assuming a serious proportion in the Country. These encroachments are seriously threatening the continuity of the Wild Life Corridors between various National Parks and Sanctuaries and timely action is not taken by frontline staff for the eviction of the encroachers which further emboldens others also for similar activities. It is also stated that the Hon'ble Supreme Court in their Order dated 23-11-2001 in IA No.703 in WP.202/05 have restrained the Central Government from regularisation of encroachment in the Country. Therefore the Government of India have suggested time bound programme for eviction of encroachers from the forest land and steps to comply with the Hon'ble Supreme Court direction.

2. The Chief Conservator of Forests (Protection) in his letter read as 2nd paper above has also sent concrete proposals to Government seeking Government Orders for implementing the direction of the Government of India in compliance to the Hon'ble Supreme Court Orders.

3. As per Government Order 3rd read above, Government have ordered various measures to be taken in this regard, which include constitution of a State Level Monitoring Committee under the Chairmanship of the Chief Secretary for monitoring forest encroachments and review of remedial measures adopted.

4. Accordingly, Government are pleased to constitute a State Level Monitoring Committee, with the following members:-

22ND JANUARY, 2018

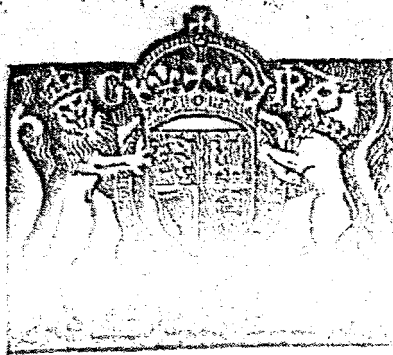

GOVERNOR OF KERALA

83. My Government plans to fully develop the inland water transport system of Kerala by developing a comprehensive system of canals, backwaters and water bodies for both water transport and tourism development along the waterways. Examples include development of the following projects - West Coast Canal (WCC), Kozhikode-Neeleswaram reach of WCC, Parvathy Puthanar and Urban Regeneration & Integrated Water Transport Development in Kochi.

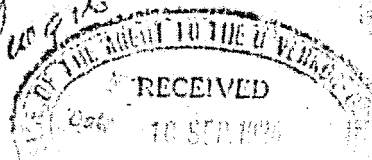

Forest

84. Extensive stretches of natural forests have been cleared in the past and converted as plantations and farm lands to accommodate the growing population. In view of the great eco-system services provided by the natural forests, the extent of exotic plantations raised to meet the raw material requirements of industries would be strictly limited to the actual minimum required for meeting the commitments already made and the remaining areas will be restored with forestry species naturally occurring in Kerala forests.

85. My Government would ensure that there would be no encroachments on forests and that the core areas of forests would be protected as untouched; entire forest boundaries will be demarcated with permanent cairns during the tenure of this Government.
