SOTR	State's Own Tax Revenue
SSFC	Sixth State Finance Commission
THQ	Taluk Head Quarter
ToR	Terms of Reference
TSP	Tribal Sub Plan
UA	Urban Agglomeration
UFC	Union Finance Commission
WCD	Women and Child Development

Chapter 1

Introduction

- 1.1.** In the First Report of the Sixth Finance Commission a path breaking recommendation was made to break away from the seventeen year old practice of devolving Maintenance Fund using the same formula as that of the Development Fund. When the second State Finance Commission headed by Dr. Prabhat Patnaik recommended the provision of Maintenance Fund for roads and non-road assets to Local Governments (LGs), it was to be distributed after assessing the maintenance needs depending on the assets transferred to them, their nature, and their use. But absence of reliable Local Government-wise data prevented Government from operationalising this recommendation fully.
- 1.2.** It is worth remembering that before 2004 most of the maintenance needs were met by departments themselves. The Second State Finance Commission made a calculation of the maintenance requirements of the transferred assets and suggested pooling of the non-plan funds given to departments into the Maintenance Fund with road and non-road components. At that time, it was fixed as 5.5 percent of the State's Own Tax Revenue (SOTR), later gradually enhanced to 6 percent of SOTR as per the recommendation of the Fifth Finance Commission. And from 1-4-2021 based on the recommendations of the Sixth State Finance Commission, it has been further enhanced to 6.5 percent of the SOTR, of which 2.5 percent is for non-road maintenance. It goes without saying that this fund is not for the maintenance of offices, remunerative assets and assets related to the mandatory functions of Village Panchayats, Municipalities and Corporations.
- 1.3.** As was made clear in the First Report, maintenance essentially refers to those activities required for keeping the road or non-road assets in a good condition

enabling their optimum use. In addition, it includes essential items like electricity and water charges, solid and liquid waste management expenses, telephone and internet charges, POL expenses, and also, spending on consumables for the transferred institutions, to improve service delivery.

- 1.4. In the First Report, the Commission had time only to finalize the formula regarding roads. Though the Commission collected data on roads, it was not convinced of the robustness of the data. Therefore, it recommended allocation only for four months. Now the data has been updated by the Local Governments and using the same formula which has been accepted by the Government, the devolution for the remaining eight months is also given in this Report.
- 1.5. Also, the data regarding non-road assets have been compiled after a prolonged and hectic effort. The Commission is aware that the data are not perfect but are reliable enough to develop the criteria and their utilization for *inter-se* distribution of the Non-Road Maintenance Fund among Local Governments.
- 1.6. In the First Report it was also indicated that there are a lot of issues in the use of Maintenance Funds, both Road and Non-Road, particularly in the assessment of needs within a Local Government and allocation of funds following fair and rational processes and systems. The Commission had promised that this aspect would be covered in the subsequent Report. This aspect is also dealt with in this Report.
- 1.7. The recommendations of the 15th Union Finance Commission on Grants to Local Governments were available only by end February 2021 and the Commission which submitted its Report by mid-December 2020 did not have the benefit of these recommendations. It has to be noted that the allocation for

Urban Agglomerations, and, more importantly the Health Grant need to be suitably integrated into the overall fiscal devolution architecture. This is considered in this Report.

- 1.8. As was mentioned in the previous report, the Commission is dealing with a comprehensive Terms of Reference (ToR) and is in the process of finalizing recommendations on those items and this would take some more time particularly due to the unexpected second wave of Covid which cost the Commission nearly three and a half months. Therefore, since important recommendations which need to be acted upon immediately, have to be made and since they are organically related to the discussions and themes covered in the First Report, the Commission feels that it would be in the fitness of things to submit a Supplement to the first one. Hence this Report.

Chapter 2

Devolution of Maintenance Funds

NON-ROAD MAINTENANCE

Methodology

- 2.1** The Commission followed a detailed methodology before arriving at conclusions. To start with, after separate consultation with experts from the nine departments concerned, data formats were designed for different types of transferred institutions. Then with the help of the National Informatics Centre (NIC) a data entry software was designed which enabled field level officers especially the heads of transferred institutions to directly enter the data. Though the process was initiated in January 2021, it could be completed with some degree of satisfaction only by July, after several rounds of iterations, vetting and cleaning.
- 2.2** Senior Officers of Departments were assigned the responsibility of coordinating the massive effort of data collection. Online training was given both at the State and District levels to clarify matters. District Level Officers followed up with the field level institutions, to ensure smooth submission of data.
- 2.3** From mid-April, detailed discussions were held separately with the Heads and Senior Officers of each Department to obtain their feedback and suggestions on the application of Non-Road Maintenance Fund at the LG level. The list of key consultations held with departments and their responses are given in Annex 1.1 and 1.2, respectively. This interaction enabled the Commission to gain a deep understanding of the nuanced requirements of each department and identify areas which need improvement over the existing system. The Commission collected data on 44,256 transferred

institutions from nine departments belonging to 94 different categories. (Details may be seen in Appendix 1.1).

- 2.4** Then the challenge was to come out with a rational formula for devolution. The Commission relied on the views of experts and took the initial decision to use the criterion of plinth area of the buildings housing transferred institutions like Hospitals, Schools, Hostels, Anganwadis, Care Homes for the vulnerable and so on.
- 2.5** After discussions with the Heads of Department, it was further decided to get the data on users of the facilities and data could be collected from all institutions except the Veterinary Hospitals, in the case of which the Commission decided to give weightage to the maintenance expenditure incurred by Local Governments on these institutions in the last five years. Annexes 1.3 and 1.4 provide details on LG-wise plinth area and users respectively. The lists of institutions were sent to all Local Governments basically to verify and confirm whether the institutions are correctly placed under the respective Local Government. A total of 197 Local Governments responded and the suggested corrections were made.
- 2.6** Further, to decide norms for allocation among different institutions, the Commission relied on the collective expertise of the Working Group on Public works, which was set up under the chairmanship of Shri Sundaran, Former Chief Engineer of the LSGD Engineering Wing. The Working Group relying on the Maintenance Manuals of CPWD and the State PWD and the collective experience of its members came out with clear recommendations which have been largely accepted while deciding the criteria for the devolution. (The relevant extract from the Report along with the details of the Members may be seen in Appendix 1.2)

Distribution of Non-Road Maintenance Funds

2.7 The Commission realizes the critical importance of proper and timely maintenance of non-road assets. It is a unique feature of Kerala's decentralization that the most important public service delivery institutions at the district level and below which are critical for the human and economic development of the State, have been transferred to Local Governments. These include, Hospitals, Schools, Hostels, Anganwadis, Care Institutions, Veterinary Hospitals and Krishi Bhavans. There is also a social dimension to the proper upkeep of these assets as most of them are used by the bottom half of the society and delivery of services can improve exponentially with proper maintenance.

2.8 The age-old adage, "A stitch in time saves nine" is most relevant for public assets. Kerala is the leader among the Indian states in respect of equitable distribution of these critical assets across the state. Due to the heavy investments in creation, maintenance and running of these institutions, there has to be extraction of utmost value for money by spending wisely in maintenance to prolong the quality and life of these public assets. Further, it goes without saying, that in a well maintained public institution, the efficiency of human resources managing those institutions is considerably enhanced. Therefore, in a sense maintenance is more important than creation of new assets in large parts of the State. But unfortunately, the populist approach gives higher preference to construction of new infrastructure.

2.9 Ideally, for Local Governments, particularly in respect of maintenance, there is a need to move towards a concept of Standard Spending Needs based on a rational criteria. Of course, it requires a huge amount of data with sufficient granularity which is not forthcoming now. But with Information Technology and e-Governance these data can be made available as the spin-off of the

administrative process itself. This matter will be dealt with at some length in later Reports.

2.10 The Commission is happy to take the first step in the journey towards Standard Spending Needs by resorting to the use of objective criteria which reflect the need, that is, the area of buildings with suitable adjustments for age and number of users. Accordingly, two-third is the weightage given to area and one-third to users, viz; students in schools and Anganwadis, inmates in hostels and patients in hospitals. Weights are assigned to buildings largely as recommended by the experts in the following manner:

Table 1-Weights Assigned to Area and Age of Buildings for the Estimation of Non-Road Maintenance Fund

Weights for Plinth Area of Buildings of Institutions	
Departments	Weights
Agriculture	1
Allopathy	3
Homeopathy	3
Indian Systems of Medicine	3
Animal Husbandry	2
Education	1.5
Scheduled Castes Development (Pre-Matric Hostels)	1.5
Social Justice	2
Women & Child Development (including Anganwadis)	2
Additional Weights for Age of the Building	
Age Classification	Weights
< 25 years	1
26 to 50 years	1.5
51 to 100 Years	2
>100 (Heritage Buildings)	2.5

2.11 For users the weights were assigned by the Commission after discussion with experts as follows:

Table 2-Weights Assigned to Users for the Estimation of Non-Road Maintenance Fund

Weights for Users -Patients, Students, Residents	
Department	Weights
Allopathy OP	1
Allopathy IP	3
Homeopathy IP	3
Homeopathy OP	1
ISM IP	3
ISM OP	1
Education	1.5
Scheduled Castes Development (Pre-Matric Hostels)	1.5
WCD (Anganwadi)	1
Animal Husbandry*	1

*Note: * Data on the number of cattle and animals attended to by each veterinary institutions were not readily available. Hence for the animal husbandry department, the average share of maintenance expenditure to the total maintenance expenditure for five years from 2015-16 to 2019-20 is used as proxy for users. The share was 2.7 percent of the total maintenance expenditure.*

2.12 The logic of this variation reflects intensity of use and the benefits to the user.

Of course, it has not been determined on the basis of objective studies but by using a kind of Delphi approach relying on the collective opinion of professionals with long experience and deep understanding of the subject. A Technical Note on this is given as Appendix 1.3.

2.13 The distribution of Non-Road Maintenance Funds to different categories of Local Governments arrived at using this methodology can be seen at Appendix 1.4.

2.14 While weightages have been given to different departments, institution-wise allocations are not being attempted at this point of time, for that would require much more granular data. So, the Non-Road Maintenance Fund would continue to be allotted to Local Governments in an untied manner allowing them the freedom for using as per requirements following in letter and spirit

the due process recommended by the Commission in response to the actual field situation. At the same time, how the weightages play out in terms of funds for each Local Government would be made available to enable the Local Governments to get a rough idea of priorities and shares of different institutions, which influenced the allocation. And they may have this in mind while deciding their allocation to different institutions.

- 2.15** Hitherto, the allocations were not directly linked to maintenance needs. So there used to be frequent requests for taking up items normally not permissible. Now that the allocation is made on the basis of actual need, no special permission should be given for taking up items not specified in the permissible list for Non-Road Maintenance Fund.

DISTRIBUTION OF ROAD MAINTENANCE FUNDS

- 2.16** In the First Report, the Commission, while recommending the share of each Local Government noted the shortcomings in the data regarding roads. To get time for getting validated data only the first instalment of Road Maintenance Fund was recommended to be distributed. It was stated in para 7.57.4 that “the Commission would suggest modifications using the validated data in time for the subsequent period.” Accordingly, all Local Governments were given an opportunity to reconfirm the data (See Annexe 1.5). Based on their response, modifications are made in the *inter-se* allocation of funds. The revised allocations for 2021-22 and the allocations for the remaining eight months are given in Appendix 1.5.

SUPPORT SYSTEMS

- 2.17** Though the Commission has taken pains-taking effort through multiple iterative to and fro consultations including with the field level officers to ensure quality of data, it is aware that there could be still errors of exclusion

and inflated inclusion. To prevent this from permanently distorting the allocations, the following recommendations are made.

I. Constitution of an Empowered Committee

2.18 In the short run, there could be complaints from Local Governments particularly on reductions due to exclusion of assets or errors in the data related to their area, age and number of users, and also discrepancies among similarly situated Local Governments. To deal with such issues and take a final decision, the Commission recommends the creation of an Empowered Committee under the Finance Secretary with the LSGD and Planning Secretaries, serviced by the SFC Cell of the Finance Department and assisted by the Decentralized Planning Division of the State Planning Board. This mechanism should also deal with the following:

- (a) Complaints regarding data errors in the allocation of other Funds namely, all the streams of Development Fund and the General Purpose Fund.
- (b) Claims for Gap Grants in deficit Village Panchayats and Municipalities.
- (c) The Government have accepted the recommendation of the Commission to set apart 15 percent of the Development Fund excluding SCSP and TSP and the grants of the Union Finance Commission as Incentive Fund linked to own resource mobilization. The formula suggested has to be applied with great diligence. Determining and allocation of incentives should be decided by this Committee.
- (d) Coordinating and supervising the collection and collation of data by the Local Governments Fiscal Research Cell of KILA in such a way as to meet the requirements of the subsequent State Finance Commissions.

II. E-Governance

2.19 In order to improve the efficiency, enhance the transparency and accountability including adherence to the due process and traceability and to rationalise, simplify and to reduce work load, the Commission recommends a revamped e-governance system in respect of Maintenance Fund. That would include:

- (a) Detailed GIS Linked Map of all assets of Local Government with photographs, i.e., roads, buildings, farms, lands, and water bodies need to be developed and validated. This should have three dimensional pictures and accurate measurements of different dimensions and be available to the public for viewing. The systems being used in PMGSY, PMAY and MGNREGS should be suitably adapted. In the case of institutions, details of each building have to be given including age. Different attributes of each asset need to be noted as also additions and improvements and expenditures on them in the last five years.
- (b) KSREC has prepared an asset map for Thiruvananthapuram District. This may be completed in all districts by March 2022. Now KSREC is providing the technology and the work is done by the Local Governments. It is necessary to have an independent quality check and validation of data to be arranged by KSREC. Special care has to be taken to give the specific name of the institutions under different Local Governments and provide attribute data for each building in the campus of an institution. In the case of roads, details of maintenance done in the last five years need to be noted, as also the year when resurfacing was last done. The unique numbers assigned in the register should invariably be used in the assessment reports, estimates, bills, etc.

- (c) The software should be designed in such a way as to ensure ease of working with drop down menus for each stage of the process starting with one-time status report.
- (d) Also, the software should capture all the processes recommended for the preparation of the Maintenance Plan both Road and Non-Road and should ensure that only after entering the data related to a process can the next step is taken. To ensure automatic updation, only after every step has been done, bills will be allowed to be prepared and paid, and this should also be ensured through the software.

Chapter 3

Improving Efficiency in the Use of Maintenance Funds

3.1. The importance of Maintenance has been highlighted in the First Report and in the earlier parts of this Report. Unfortunately, maintenance does not seem to have got the importance it deserves. Analysis of data collected by the Finance Commission reveals several issues:

(a) There are huge variations in expenditures across institutions with similar maintenance needs across Local Governments and over time, (Annexe 1.6)

(b) Several non-permissible works are taken up under maintenance. A quick analysis of the items on which Non-Road Maintenance Fund has been used shows certain glaring irregularities. They include the following: -

- (i) Distribution of inputs for agriculture in private lands
- (ii) Supply of agricultural machinery to individuals
- (iii) Soil conservation in private lands
- (iv) Digging of rain pits in private lands
- (v) Construction of cattle sheds in private lands
- (vi) Provision of livestock
- (vii) Skill Development Training
- (viii) Capital investment like construction of fish markets, micro hydel power plants, etc.
- (ix) Construction of swimming pools
- (x) Spending on training, sports and cultural activities
- (xi) Construction of wells and provision of water tank for individuals
- (xii) Construction of houses for individuals

- (xiii) Providing scholarships and equipment to physically challenged persons
- (xiv) Provision for Anganwadis, nutrition, etc.
- (xv) Subsidy for group enterprises
- (xvi) Spending on items which have to be taken up by Local Governments using their own fund or General Purpose Fund or Development Fund like
 - Contribution to IKM
 - Publication of Citizen's Charter
 - Purchase of computers and equipment for Local Governments
 - Creation of database for Local Governments
 - Meeting the shares of Vayomitram for elderly people
 - Street light charges
 - Repairs and additional facilities for own building of Local Governments
 - Public service, purchase of vehicles
 - Loan repayment

Some of these works have been taken up on the basis of Government Orders.

(c) There are several instances of roads which are not in their control being taken up by District Panchayat.

(d) There is no clarity or certainty on the part of the officers in charge of institutions or their users on the quantum of funds which would definitely flow from the Local Government during the year and over the next few years.

- (e) Sometimes even essential items like waste management, payment of bills for water supply and electricity, telephone, AMC of computers, POL, etc., get ignored or delayed.
- (f) There is widespread feeling among the departments that a lot of non-priority and sometimes, wasteful items have been taken up under maintenance resulting in sub-optimal use of precious resources and sometimes even in waste.
- (g) Several small works are taken up leading to patchy maintenance.
- (h) Absence of discipline in taking up maintenance, particularly in respect of roads, has even contributed to duplication of works and expenditure on private roads. This creates space for malfeasance.

3.2 All these points out to absence of rational prioritization and so there is a strong need for preparation of asset management plans following a due process.

3.3 Now the prescribed procedure for preparing Maintenance Plan involves consultation of the Heads of Transferred Institutions by holding their meeting, placing the suggestions before the Working Group after which it goes to the Standing Committee concerned and to the Local Government to become part of the draft Annual Plan. Thereafter, it is discussed in the Development Seminar after which it is finally approved by the Local Government and submitted to the DPC. But evidence shows that this process is not followed properly.

3.4 Therefore, the following procedure is suggested for the preparation of maintenance plans for non-road assets

- (a) All the institution heads should prepare annually a statement on maintenance requirements by 15th October in the formats which are given in Annex 1.7. The requirements would be classified under the following heads:
- (i) Mandatory items like waste management, payment of bills for electricity, water supply, telephone, POL, vehicle maintenance and AMC of computers.
 - (ii) Priority items.
 - (iii) Desirable items which are permissible under Maintenance Fund in the order of preference.
- (b) In the statement the amount received from Government and other sources in the last three years and the amount expected from Government and other sources for the succeeding year should be indicated and only the balance portion of the total requirement should be claimed from the local government.
- (c) This should be discussed in the Institutional Committees like HMC, PTA, etc., and necessary modifications made, if required, by the end of October.
- (d) Thereafter all the institutions, even those functioning in private buildings, would be visited by the Assessment Committee set up by the Local Government. In the case of Gram Panchayats, Municipalities and Block Panchayats, all the Committees should be chaired by the Head of the Local Government. In the case of District Panchayats and Corporations, the President or the Mayor, as the case may be, should head the Committee inspecting major institutions like CHC, taluk hospitals and district hospitals. For other institutions they may nominate Committees headed by Standing Committee Chairpersons.

The members would be Engineers, Secretary, officials, members of the Working Group, professionals identified from Civil Society, and Community Development Society/Area Development Society representatives of Kudumbashree. In all cases the respective Ward Members from all tiers should be asked to be present during the site inspection. These Committees in their reports would focus on the following:

- (i) Mandatory items of expenditure.
- (ii) Other emergency items needed during the next year
- (iii) Supply of consumables
- (iv) Other items of expenditure, as permissible

The Reports should indicate the year for next round of special repairs, painting, etc.

- (e) The proposals with the recommendations of the Assessment Committee on Maintenance should be consolidated and considered by the Standing Committee concerned and finally by the Local Government by end of December. For items other than mandatory items, the Local Government should lay down criteria for prioritization of requests and use these criteria to prepare the priority list.
- (f) Thereafter it should be discussed in the Development Seminar and then finalized by the Local Government incorporating changes suggested in the Development Seminar and agreed to by the Local Government.
- (g) After that the integrated Maintenance Plan for road and non-road assets would be sent to the DPC.

3.5 The following procedure is suggested for the preparation of Maintenance Plan for Roads.

- (a) All the roads under a Local Government should be inspected every year.
- (b) The determination of maintenance needs should be done by an Assessment Committee as decided by the Local Government, headed by the elected head or a Standing Committee Chairperson and which should include elected representatives, engineers, secretary, members of the Working Group, professionals from academic institutions, representatives of ADS/CDS of Kudumbashree and professionals from civil society organizations of repute as decided by the Local Government. The ward member(s) from all tiers concerned should also be present at the time of inspection.
- (c) In this plan, the following would be specially noted.
 - (i) Repair works taken up in the last three years and the amount involved and the name of the contractor
 - (ii) Defect liability period if any
 - (iii) Year when essential items like side protection, improving drainage and re-surfacing need to be taken up
 - (iv) Details of encroachments, if any, and steps to be taken up for clearing them with expected time-limit

3.6 The Assessment Format is given as Annex 1.8.

- (a) The inspection should be completed by December, every year.
- (b) The Reports of the Assessment Committee on Road Maintenance should be discussed in the Standing Committee on Public Works which will verify the criteria for prioritization and recommend the marks for prioritization based on which, suggest the works qualifying to be taken up.

- (c) In the full meeting of the Local Government, this will be reviewed and the criteria can be improved, marks allotted and modifications made in the list of works as per the changed criteria. For each road, marks would be assigned on different criteria to be decided beforehand by the Local Government.
 - (d) Thereafter, it should be discussed in the Development Seminar and then finalized by the Local Government incorporating changes suggested in the Development Seminar and agreed to by the Local Government.
 - (e) After that the integrated Maintenance Plan for road and non-road assets would be sent to the DPC.
 - (f) Though this process is suggested for the annual maintenance needs, the inputs from the Assessment Reports should feed into prioritization for major works like re-surfacing, construction of drains, construction of culverts etc., so that these plans can be finalized for a longer period of at least five years.
- 3.7 Since the decisions are based on criteria and exhibited to the public, there would be greater acceptance of the decision which is taken by the Local Government as a whole and individual elected members will not be inconvenienced due to the demands from the electors.

PERMISSIBLE ITEMS UNDER MAINTENANCE FUND

- 3.8 Over the years several items have been included and excluded as permissible under Maintenance Fund. The Commission therefore had a thorough look into the issues of permissible items. After going through the existing Government Orders and Circulars and analysing the items of which Non-Road Maintenance Fund has been spent, the Commission recommends that a new Master Government Order may be issued in supersession of all existing instructions in which only the following items need be included.

Table 3-Permissible Items for Inclusion under Maintenance Fund

Permissible Items
(a) Mandatory Items - Transferred Institutions
(i) Electricity charges
(ii) Water charges
(iii) Expenses for solid and liquid waste management including proper upkeep of toilets and disposal of hazardous waste
(iv) Telephone and internet charges
(v) AMC charges of computers
(vi) Rent in cases where the buildings are in private buildings
(vii) POL and maintenance of authorized vehicles (<i>In cases where PTA has purchased buses for schools, the maintenance should be done by the PTA. Similarly, HMC owned ambulances, the POL and maintenance should be from HMC income</i>)
(viii) Regular maintenance and repairs of the buildings owned by Govt or LG including electricity and water supply fixtures
(ix) Repair of equipment and furniture of institutions
(x) Fuel for stoves and LPG
(xi) Replacement of utensils in schools, Anganwadis, hospitals and care homes
(b) Priority Items - Transferred Institutions
(a) Filling the gap in supply of medicines and other consumables in hospitals and veterinary institutions
(b) Construction of roof water harvesting structures
(c) Installation of solar panels on roofs
(c) Desirable Items -Transferred Institutions
(a) Purchase of equipment for hospitals and veterinary institutions
(b) Purchase of teaching aids for all schools and Anganwadis including toys in Anganwadis
(c) Purchase of furniture
(d) Strengthening of libraries and sports facilities in schools
(e) Construction of adjunct structures like toilets, kitchens and storage rooms for schools and Anganwadis
(f) Making all institutions disabled, child, elderly and gender friendly
(d) Farms
For the maintenance of farms, the District Panchayats should rely on the income from the farms.
(e) Assets of Local Government

Permissible Items
The assets of Local Governments other than the transferred institutions and offices should be maintained by the Local Governments themselves using their own source revenues and General Purpose Fund. However, for libraries, nursery schools, BUDS schools, BUDS Rehabilitation Centres (BRCs) and old – age homes run by Local Governments all permissible items for use of Non-Road Maintenance would apply. In the case of water supply schemes run by the Local Government, the user charges should be utilized for operation and maintenance supplemented where necessary by own sources.
(f) Roads
(i) Repair and maintenance of roads solely owned by the Local Government concerned and included in its asset register with unique number and having milestones erected as prescribed by Government. This would include patch work and partial resurfacing in badly damaged portions. Also, resoling can be done in roads where soling is damaged
(ii) Essential road safety measures can be implemented
(iii) Junction improvement works

- 3.9** In the case of Disasters formally notified either by the State Government or by Government of India, Local Self Government Department in consultation with the Finance Department, can issue special orders permitting use of road and Non-Road Maintenance Fund for other specifically identified items except that Non-Road maintenance Fund should not be spent for roads. At the same time road maintenance fund could be spent for Non-Road Maintenance.

ARRANGEMENTS FOR TAKING UP MAINTENANCE WORKS

3.10 Special micro enterprise units of trained Kudumbashree members should be set up to service one or more local governments for taking up minor items of repair in buildings and roads, including filling of potholes using 'ready-mix' and clearing the drains in respect of roads and for repairing furniture and also for servicing equipment in hospitals. They should also be entrusted with the responsibilities for regular quarterly upkeep on payment of a fixed rate calculated on the basis of person days. The general specifications and rates can be fixed by a Committee consisting of DMC, Executive Engineer, LSGD and a professional from an academic institution. The number of repair units can be decided by the District Mission of Kudumbashree in consultation with the Executive Engineer of LSGD. The District Mission should arrange thorough training to upgrade the skills of the members of the maintenance team. They should also make available the services of women professionals to supervise the quality of work.

ROLE OF DEPARTMENTS

3.11 It is highly necessary for the Departments to monitor the allocation and expenditure under the Non-Road Maintenance Fund because it affects the service delivery through the institutions. Therefore, the approved Non-Road Maintenance Plan of every institution should be forwarded electronically by the head of the transferred institution to their District Level Officers with a copy marked to intermediate level Officers wherever necessary. In the case of District Level Institutions, the plan should be forwarded to the Head of Department. Heads of Department and District Level Officers should review the Maintenance Plan of the institutions related to their department in their monthly meetings. Also, they should pro-actively liaise with the Local Government concerned wherever there is a shortfall or shortcoming in the plan with request for modification. These requests have been formally made

through the software and the Local Government should take appropriate decision on that and communicate it to the Officer concerned.

- 3.12** The Heads of Department should also endeavour to streamline the flow of funds from the department to fill up gaps and supplement the items under the Maintenance Plan of Local Governments to the extent possible.

MAINTENANCE PLAN

- 3.13** While preparing the Maintenance Plan the process recommended by the Commission should be followed and the proposal should include the details submitted from the institutions upwards in the case of Non-Road Maintenance Funds. In the case of Road, it would start with the recommendations of the Assessment Committee. The format of the Maintenance Plan should be modified incorporating the formats suggested by the Commission.

- 3.14** But there is a wrong understanding that this process does not apply to maintenance, using own funds. This needs to be rectified. The Maintenance Plan has to be sent irrespective of source of funds. However, Local Governments feel that approaching the DPC would take time and delay the work. There is a merit in this apprehension. Therefore, maintenance works of roads in extraordinary emergency situations, leading to disruption of traffic to be described clearly in writing by the engineer concerned, up to Rs. 50,000 for each road, as the case may be, can be taken up by the Local Governments without prior reference to the DPC but under intimation to them immediately on issuance of Administrative Sanction and Technical Sanction, for ratification.

- 3.15** Similarly, in institutions unforeseen emergency works relating to electricity, water supply, toilets, breakdown of equipment and machinery etc can be

carried out even if they are not in the approved maintenance plan with simultaneous intimation to the DPC. The ceiling per work would be Rs 25,000. It has to be on the request of the head of the institution made directly to the elected head of the Local Government concerned. Other items equivalent to the expenditures on these emergency works have to be dropped from the maintenance plan so that it does not exceed the allocation.

3.16 All these should be captured in the software. All such emergency works, road and non-road will be given special importance during audit.

3.17 Also, for such unforeseen items based on the experience of previous years, a lump sum provision may be kept in the maintenance plan with sufficient justification and approved by the DPC after due scrutiny. This is to ensure even while delay can be got over, the integrated approach to maintenance will be retained. It will also help ensuring accountability.

Chapter 4

Devolution of Funds Provided by the Fifteenth Finance Commission

4.1 Historically, the Finance Commission grants have been devolved in Kerala as an integral part of the Plan devolution as a share of the non-SCSP/TSP Development Fund. Till the 14th Finance Commission, there was no special problem but the 15th Finance Commission has introduced certain features in its devolution making it in practice a three-stream devolution.

- (a) Grants to all Local Governments.
- (b) Grants to Urban Agglomerations (UAs)
- (c) Grants for health

GRANTS TO ALL LOCAL GOVERNMENTS AND GRANTS TO UAs

4.2 At the time of the submission of the First Report of the Sixth State Finance Commission and at the time of the Budget presented in January 2021, the details of the allocation of the 15th Union Finance Commission were not known. It was expected that Rs.2412 crore would be the grant from 15th Finance Commission for 2021-22. But the grant is only Rs.1795 crore. Even within this, Rs.256 crore is earmarked for seven Urban Agglomerations covering the six Cities and Malappuram and adjoining Municipalities and Village Panchayats. Further Rs.559 crore is the Health Grant out of which Rs.333 crore is for urban areas. During the next four years, the allocation is as follows:

Table 4-Awards under the 15th Union Finance Commission (Rs. in Crore)

Year	Normal Allocation			Health Grants		Total Award
	Village Panchayats	Municipalities	UAs	Urban	Rural	
2021-22	1203	592	256	344	226	2621
2022-23	1246	613	265	333	226	2683
2023-24	1260	649	281	350	237	2777
2024-25	1334	687	297	367	249	2934
2025-26	1301	701	303	386	261	2952

4.3 Therefore, the following procedure is suggested for distribution of general sector fund (other than SCSP and TSP)

- (a) The funds for Urban Agglomerations which include six Corporations, 42 Municipalities and 250 Village Panchayats, should be kept apart as a specific item in the Appendix IV of the Budget. It may not be divided among the constituent Local Governments. Separate Heads of Account may be opened for this purpose and allotted to the City Corporations and Malappuram municipality, but on the condition that money would be spent on big projects which benefit the entire Urban Agglomerations. Since it may not be possible for similar projects in each of the five years, as the allocation for five years is known, the plan may be prepared for the entire amount for five years.
- (b) As mandated by the 15th Finance Commission, Rs.36.46 lakh may be allotted to the Kannur cantonment which is based on the population share among Municipalities.
- (c) The General Sector Fund excluding the Health Grant and grants for Urban Agglomerations and the allocation for Kannur cantonment may be divided between rural areas, municipalities and corporations as per the formula recommended by the Sixth State Finance Commission and accepted by the Government. Thereafter the rural fund may be divided tier-wise.

- (d) The Finance Commission Grant for rural areas may be divided among the tiers in the ratio 70:15:15 for Village Panchayats, Block Panchayats and District Panchayats and thereafter divided among the individual panchayats as per the existing formula. Similarly, the non-UFC portion of the Generals sector fund (i.e., the Normal share) may be divided.
- (e) As Corporations are not eligible for the share of Union Finance Commission Grants, the entire General Sector Fund may be distributed among the City Corporations and shown as Normal share of General Sector fund.
- (f) In the case of municipalities to ensure that there is no reduction for the allocation to the Malappuram municipality the following special procedure is suggested.
 - (i) For the purpose of calculation, the General Sector including the Union Finance Commission grant may be distributed among all the 87 municipalities according to the formula.
 - (ii) Thereafter the Finance Commission Grant may be divided Municipality-wise other than Malappuram using the same formula.
 - (iii) The gap between the calculated General Sector Fund and the Union Finance Commission grant would be the actual Normal Share of these 86 municipalities.
 - (iv) Malappuram will be given the amount arrived at in the first step as their Normal share.

4.4 This process may be followed in the next four years also.

Table 5- Redistribution of General Sector Funds under the Development Fund (2021-22)**(Rs. in Crore)**

LG Tier	Original Allocation			Revised Allocation			Deviation		
	Normal Share	FFC Grant	Total	Normal Share	FFC Grant	Total	Normal Share (5-2)	FFC Grant (6-3)	Total (7-4)
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)
GP	1797.76	842.10	2639.86	2107.93	842.10	2950.03	310.17	0.00	310.17
BP	385.23	180.45	565.68	451.70	180.45	632.15	66.47	0.00	66.47
DP	385.23	180.45	565.68	451.70	180.45	632.15	66.47	0.00	66.47
MLTY	467.23	335.64	802.87	430.69	335.64	766.33	-36.54	0.00	-36.54
CORP	328.30	--	328.30	538.73		538.73	210.43	0.00	210.43
Total	3363.75	1538.64	4902.39	3980.75	1538.64	5519.39	617.00	0.00	617.00
Kannur cantonment	--	0.36	0.36	--	0.36	0.36			
UA	--	256.00	256.00	--	256.00	256.00			
Grand Total	3363.75	1795.00	5158.75	3980.75	1795.00	5775.75			

4.5 While redistribution is made there would be a shortfall of Rs. 36.53 crore under the Normal share for the Municipalities just because of the higher per capita share of FFC grant. This may not be a problem as 42 Municipalities in the UA area would additionally get benefitted from the grant for the UA, as this is provided over and above the normal distribution. Further, since substantial allocation of Health grant is provided for the urban area, Municipal areas would get higher allocation from this fund also.

Health Grant

4.6 Kerala has been awarded health grant to the tune of Rs. 2968.28 crore for five years from 2021 to 2026 as follows:

--	--

Table 6-Grants to Municipalities and Corporations (Rs. in Crore)

Sl No	Particulars	2021-22	2022-23	2023-24	2024-25	2025-26	Total
1	Support for diagnostic infrastructure to the primary healthcare facilities - UPHCs	11.05	11.05	11.61	12.19	12.80	58.70
2	Grants for Urban Health and Wellness Centres (UHWCs)	322.22	322.22	338.34	355.25	373.01	1711.04
	Total	333.27	333.27	349.95	367.44	385.81	1769.74

Table 7-Grants to Rural Local Governments (Rs. in Crore)

Sl No	Particulars	2021-22	2022-23	2023-24	2024-25	2025-26	Total
1	Support for diagnostic infrastructure to the primary healthcare facilities -Sub centres	39.61	39.61	41.60	43.68	45.86	210.36
2	Support for diagnostic infrastructure to the primary healthcare facilities - PHCs	49.58	49.58	52.06	54.66	57.39	263.27
3	Financial Requirement for establishing Block Level Public Health Units	30.59	30.59	32.12	33.72	35.41	162.43
4	Grants for Building-less Sub-centres, PHCs, CHCs	0.50	0.50	0.52	0.55	0.58	2.65
5	Financial requirement for Conversion of Rural PHCs and SCs into Health and Wellness Centre	105.43	105.43	110.70	116.23	122.04	559.83
	Total	225.71	225.71	237	248.84	261.28	1198.54

4.7 A policy decision needs to be taken as these are quite different from the untied Development Fund which Kerala has been devolving to Local Governments since 1997 which is the hallmark of Kerala's fiscal

decentralization. Bringing in a totally tied grant under this head would be going against a practice which is a quarter of a century old. The State share of Centrally Sponsored Schemes even though they are fully implemented by the Local Governments are not included in the Development Fund. It is a specific purpose grant based on local needs and naturally all Local Governments are not entitled to get a portion. Actually, it is a useful supplement to the Health Department of the State to fill up gaps based on rational criteria in the current situation where the front line health system has acquired special importance.

4.8 The activities for which FFC funds allocated are normally carried out by the Health Department in Kerala using their plan fund though Local Governments also have been contributing to some of the activities. Further there is likelihood of need for additional human resources particularly in the Urban Wellness Centres which would get about 60% of the Health Grant. This has to be as per the policies of the Health Department on human resources at the cutting edge and cannot be left to individual Local Governments. And it would be a long-term commitment. Further there are specific grants for purchase of equipment, for which a common bid after consolidating the needs from the Local Governments would be needed to ensure quality and get reasonable prices. Of course, the payments can be made only by the Local Governments concerned.

4.9 Since Kerala has been openly declared as a model worthy of emulation, probably for the first time by any Union Finance Commission, there is a moral obligation on the part of the State to spend it properly and be a model to other States to continuously adapt. In this context, it is only natural that this should be made a component to be devolved to the Local Government but outside the current devolution package. Therefore, the Commission recommends that this grant should be outside the untied plan devolution (i.e., 26% for 2021-22 with additions in the subsequent years) For the current year, this grant is only

Rs.559 crore which works out to just around two percent of Kerala's State Plan outlay. At the moment this can be devolved as an additionality without altering the total plan size and which can be adjusted in the last quarter of the financial year in the allocations of departments which may not be able to spend their Plan Fund.

4.10 In order to achieve quality of expenditure, this should be in the nature of a well-structured State Sponsored Scheme with definite components and targets. At the same time Local Governments would be given the freedom wherever there is a choice in locations, kind of infrastructure/equipment, etc., after following a vigorous and transparent process of planning, as per clear norms and criteria. This rigour cannot be achieved if the funds are part of the overall devolution.

PROCESS FOR PREPARING PLAN FOR UTILIZATION OF THE SFC GRANT FOR UAs

4.11 The grants allotted to Urban Agglomerations by the 15th Finance Commission offer a rare opportunity for integrated area planning jointly by the Local Governments with reasonably big priority projects arrived at on the basis of rational planning. Broadly, the grants meant for UAs can be used only for the following:

- (a) Water Supply
- (b) Water conservation which would effectively mean watershed management including efforts to rejuvenate rivers and manage floods by suitable drainage or enhancing capacity
- (c) Sanitation including solid and liquid waste management. This should include decentralized sewerage systems and also septage management

4.12 The following process is recommended for preparation of the Five-Year Plan.

- (a) The DPC should take the lead in guiding and coordinating the preparation of integrated plans for the UAs in accordance with the provision in the Constitution for rural-urban integration and considering environmental aspects.
- (b) The plan should mandatorily be prepared for five years from 2021-22 to 2025-26, i.e., coinciding with the award period of the FFC.
- (c) All the Local Governments within the UAs should converge their resources especially from the FFC Grants, Development Funds and Centrally Sponsored Schemes to ensure bigger and more meaningful plans. It may be noted that 60 percent of the FFC Grants of Local Governments other than UAs have to be mandatorily spent for water and sanitation.
- (d) Of particular importance is the use of MGNREGS funds to be the core investment in watershed management in rural areas. The additional material component required alone need be met from FFC Grants.
- (e) Likewise, the plan should be integrated with the Swachh Bharat Mission (Urban and Rural), the Jal Jeevan Mission and the World Bank Project for sanitation.
- (f) The DPC should constitute a Special Sub Committee headed by the District Collector with the District Planning Officer as its Convenor with the district level officers concerned and non-government professionals including from academic and research institutions to coordinate and support the process of plan preparation. District Development Commissioner should be actively involved in a nodal role.
- (g) The services of accredited agencies may be utilized in respect of water supply and sanitation for the preparation of detailed project reports.
- (h) In the case of watershed management, the services of CWRDM, Kerala State Land Use Board and IRTC, Palakkad may be utilized. To start with, the services of MYRADA, Bangalore and SAMAJ PRAGATI SAHYOG, Madhya Pradesh, may be utilized to provide technical guidance to the enlisted agencies during the initial period.

- (i) Using the experts and accredited agencies, a detailed situation analysis covering the priority areas would be prepared and gaps identified. In respect of water and sanitation, it has to be on the basis of Service Level Bench Marks and Star Ratings for sanitation as indicated in Annexe 7.9 of the report of the FFC.
- (j) The following steps should be followed.
 - (i) A Joint Planning Committee of all the Local Governments in the UAs would be set up.
 - (ii) The DPC would hold a special consultation with the heads of Local Governments from within the UAs to explain the process and its importance.
 - (iii) A special training programme covering the processes and technical aspects would be conducted for the elected leaders, officials concerned and the Working Group members by KILA.
 - (iv) The situation analysis covering all aspects of water and sanitation with UA area should be got prepared by expert agencies with the involvement of the Working Groups and other officials concerned and discussed by the Joint Planning Committee. Along with the situation analysis, suggestions from the Gram Sabhas and Ward Sabhas from within the UAs in respect of water and sanitation would also be consolidated and discussed.
 - (v) Thereafter, a consultation would be made with all the Chairpersons of Standing Committees of all the Local Governments from within the UAs and their suggestions taken.
 - (vi) Three Working Groups should be set up for water supply, watershed management and sanitation including the best experts from within and outside the Government. They would interact closely with identified expert agencies. The Working Groups should be mentored by the DPC Sub Committee. They would draw draft five-

year projects on the basis of the Situation Analysis and the consultations.

- (vii) The Joint Planning Committee and the DPC Sub Committee would decide on the resource envelope indicating convergence of funds from all sources related to water and sanitation for which the Five-Year Plan would be prepared.
- (viii) The Joint Planning Committee would meet and lay down specific criteria for prioritization of the project proposals and using the criteria, the proposals developed by the Working Groups would be finalized.
- (ix) There would be pro-active disclosure of all elements of the projects and its implementation in the websites of the Local Governments concerned and in the project sites.
- (x) Thereafter a Development Seminar exclusively for the UAs would be held and the proposals discussed, and suggestions obtained.
- (xi) After incorporating suggestions, if any, from the Development Seminars, the Joint Planning Committee (JPC) would finalize the projects and send the integrated Five-Year Plan document to the DPC for approval.
- (xii) The DPC would set up a high level Technical Advisory Group to vet the projects before granting approval.
- (xiii) The JPC would take decisions on the implementing Local Government in the case of projects which extend to more than one Local Government.
- (xiv) Independent arrangements using academic institutions of repute should be put in place for monitoring quality of implementation.
- (xv) Concurrent social audits of the implementation should be arranged by the Social Audit Unit set up under MGNREGA every six months.
- (xvi) Government should review the implementation once in three months.

Chapter 5

Summary of Recommendations

5.1 In order to approximate the Standard Spending Needs, the Commission recommends allocation of Non-Road Maintenance Fund to different institutions transferred to Local Governments giving two-third weightage to the plinth area and one-third weightage to users, viz; students, schools and Anganwadis, inmates of hostels and patients in hospitals. Weights assigned to buildings are:

Table 8-Weights Assigned to Area and Age of Buildings for the Estimation of Non-Road Maintenance Fund

Weights for Plinth Area of Buildings of Institutions	
Departments	Weights
Agriculture	1
Allopathy	3
Homeopathy	3
Indian Systems of Medicine	3
Animal Husbandry	2
Education	1.5
Scheduled Castes Development (Pre-Matric Hostels)	1.5
Social Justice	2
Women & Child Development (including Anganwadis)	2
Additional Weights for Age of the Building	
Age Classification	Weights
< 25 years	1
26 to 50 years	1.5
51 to 100 Years	2
>100 (Heritage Buildings)	2.5

5.2 For the users, the weights assigned are as follows

Table 9-Weights Assigned to Users for the Estimation of Non-Road Maintenance Fund

Weights for Users -Patients, Students, Residents	
Department	Weights
Allopathy OP	1
Allopathy IP	3
Homeopathy IP	3
Homeopathy OP	1
ISM IP	3
ISM OP	1
Education	1.5
Scheduled Castes Development (Pre-Matric Hostels)	1.5
WCD (Anganwadis)	1
Animal Husbandry*	1

Note: * Data on the number of cattle and animals attended to by each veterinary institutions were not readily available. Hence for the animal husbandry department, the average share of maintenance expenditure to the total maintenance expenditure for five years from 2015-16 to 2019-20 is used as proxy for users. The share was 2.7 percent of the total maintenance expenditure.

- 5.3** The *inter-se* distribution of Non-Road Maintenance Funds of different categories of Local Governments is given in Appendix 1.4.
- 5.4** Using the updated data, the distribution of Road Maintenance Fund is given in Appendix 1.5.
- 5.5** To look into the issues related to data errors in relation to road and non-road assets, an Empowered Committee should be set up under the Finance Secretary with the LSGD Secretary and Planning Secretary, serviced by the SFC Cell of the Finance Department and assisted by the Decentralization Division of the State Planning Board. The Committee should also look into the following:
- (a) Complaints regarding data errors in the allocation of other Funds namely, all the streams of Development Fund and the General Purpose Fund.
 - (b) Claims for Gap Grants in deficit Village Panchayats and Municipalities.

- (c) Government have accepted the recommendation of the Commission to set apart 15 percent of Development Fund excluding SCSP and TSP and the grants of the Union Finance Commission as Incentive Fund linked to own resource mobilization. The formula suggested to be applied with care. Determining and allocation of incentives should be decided by this Committee.
 - (d) Coordinating and supervising the collection and collation of data by the Local Governments Fiscal Research Cell of KILA in such a way as to meet the requirements of the subsequent State Finance Commissions.
- 5.6 GIS based asset maps with dimensional photographs of all the attributes related to the asset should be prepared by the end of March 2022.
- 5.7 All the expenditures on these assets should be captured automatically through a software and be available on the website for citizen information. The software should mandatorily ensure that bills can be prepared, and payments made only after all the upstream data get automatically entered.
- 5.8 For non-road assets, a planning methodology is suggested in para 3.4 starting from the initial proposal of the head of the transferred institution and ending with DPC approval.
- 5.9 For roads, a similar methodology is recommended in para 3.5.
- 5.10 The permissible items under Maintenance Fund are detailed in para 3.8. Government may issue a master order in supersession of all existing orders and circulars incorporating these recommendations.
- 5.11 In the case of Disasters formally notified either by the State Government or by Government of India, Local Self Government Department in consultation with the Finance Department, can issue special orders permitting use of road

and Non-Road Maintenance Fund for other specifically identified items except that Non-Road Maintenance Fund should not be spent for roads. At the same time road maintenance fund could be spent for Non-Road Maintenance.

- 5.12** As the devolution of funds has been based on objective criteria, no special permission should be given for taking up items not specified in the permissible list.
- 5.13** Maintenance units to take up simple maintenance works, both for road and non-road assets, including furniture and equipment may be set up as micro enterprises under Kudumbashree. This would ensure timely, seamless and quality maintenance of assets besides serving the socio-economic objective of helping the poor.
- 5.14** All the officers of departments from which assets have been transferred to Local Governments, starting from the head of the department, should be formally involved in the monitoring of the preparation and implementation of the Maintenance Plan by the Local Governments. A software would be modified to ensure automatic upward movement of the Maintenance Plan to the departmental officers.
- 5.15** As of now, the Maintenance Plan has to be approved by the DPC including items which use own source revenues. But in case of unforeseen emergency after detailed justification individual projects costing up to Rs. 50,000 can be taken up by the Local Governments without prior approval of the DPC, under simultaneous intimation to the DPC on issue of administrative and technical sanctions for ratification.

- 5.16** For allocating the 15th Finance Commission Grants to Local Governments including the grants to Urban Agglomerations (UAs) for the five years starting from 2021-22, the system elaborated in para 4.3 may be followed.
- 5.17** As regards the Health Grants, since it is a totally tied fund, it is recommended that it be implemented as a kind of State's Sponsored Scheme and in addition to the share of the Plan under Development Fund.
- 5.18** For the UAs, a five-year plan for the FFC grant has to be prepared as a distinct document following the process laid down in para 4.11.

Appendix 1.2: Working Group on Public Works - Report on Formula to Distribute Non-Road Maintenance Grant to Local Self Government Institutions of the State

The Chairman, Sixth Finance Commission, Kerala held online meetings on 3rd and 5th June 2021 to evolve a formula for distribution of non-road maintenance grant to local self-government institutions.

The points for discussion were as follows:

- Estimation of current capital cost of various types of buildings
- Ratio of maintenance cost for concrete buildings and other type of buildings.
- Ratio of maintenance needs for buildings of different ages.

The participants were Architect G Shankar, Habitat and Architect P B Sajan, COSTFORD and members of working group¹ for public works for Sixth Finance Commission.

The provisions in Kerala PWD Manual 2012 and the CPWD Maintenance Manual 2019 were discussed.

Usual types of buildings are RCC Framed structures, load bearing structures with RCC, load bearing structure with tiled, and sheet roofed, semi-permanent structures with sheet roofing and purely temporary structures

The expected economic life of the building under normal occupancy and maintenance conditions is considered to be as below:

- i. Monumental buildings -100 years.
- ii. RCC Framed construction- 75 years.

¹ **Working Group Members**

1. Shri. K. Sundaran, Former Chief Engineer, LSGD
2. Sri. Thomas John, Joint Director, Kerala Highway Research Institute
3. Sri. Abhijith Ravikumar, Assistant Director, Kerala Highway Research Institute
4. Dr. B.G. Sreedevi, Former director and Chief Scientist, NATPAC
5. Smt. Sudha. S, Deputy Chief Engineer, Public Works Department
6. Sri. Johnson. K, Chief Engineer, LSGD
7. Sri. K.S. Jayachandrakumar, Dy. Chief Engineer, (Retired), LSGD
8. Dr. Anil. R, Associate Prof, Govt. College of Engineering, Thiruvananthapuram
9. Sri. A.L. Charles, Deputy Mission Director, Amrut Mission
10. Sri. Krishnakumar. S, Technical Examiner, Finance (IW-T) Department
11. Sri. Sathish. N, Senior Finance Officer, Public Works Department (R&B)
12. Dr. Mariamma Sanu George, Advisor, Sixth State Finance Commission
13. Smt. Vijaya. V, Consultant, Sixth State Finance Commission

- iii. Load bearing construction -55 years.
- iv. Semi-permanent structures- 30 years.
- v. Purely temporary structures- 5 years.

The life of the building mentioned above is only indicative and it depends on several factors like location, utilization, specifications, maintenance, and upkeep/caretaking

1. Kerala PWD Manual 2012

Usual types of annual maintenance are petty repairs to walls, floors, doors, windows, roofs, whitewashing, painting etc. which are of recurring nature. The grant shall be fixed based on standard estimate. Typical maintenance estimates are to be prepared for this purpose and got approved by competent authority. The grant includes maintenance of water supply, sanitary installations, and electrical installations. In some cases, requiring expenditure by way of labour charges for operation of water supply schemes too colonies, cleaning toilets and urinals in the office complexes etc. the amount can be considered over and above the annual maintenance grant of 2% of the cost of buildings.

For Special Repairs which are not periodic or frequent

- i. Provision of water proofing treatment to the roof. All the existing treatments known are
- ii. Supposed to last satisfactorily only for a period of about ten years.
- iii. Repair of internal roads and pavements.
- iv. Repairs/replacement of flooring, skirting, dado and plaster.
- v. Replacement of doors, window frames, shutters and fittings.
- vi. Replacement of water supply and sanitary installation like water tanks, WC cistern, wash basins, kitchen sinks, pipes etc. The life of GI pipes shall be considered as 25 years
- vii. Re roofing or renewal of floor
- viii. Rebuilding damaged walls

These can be treated as original works. As per KPWD Manual, Petty works costing not more than Rs. 3 Lakh in respect of building other than residential buildings may be carried out as special repairs even though they may be of original nature. For e.g., Construction of drains, small retaining walls, enclosing verandas etc. The provision proposed for special repairs is 2% of the cost of building or Rs.3 Lakh for a particular building. The special repair works carried out in LSGI s include providing additional facilities for the smooth working of staff.

There is no specific provision for accounting the cost of maintenance works according to the age of buildings in the KPWD manual.

2. CPWD Maintenance Manual 2019

There are specific provisions to address the additional cost requirement due to the aging of buildings. The maintenance grand includes service costs, annual repairs for civil and electrical works and, special repairs based on plinth area of buildings. The rates of special repairs are prepared based on age group of 0-20 years, 20-40 years and above 40 years. There are no rates for school buildings. Hence the rates for hostels can be considered. The same can be adopted for Anganwadis also. Hence it is better to adopt the rates from CPWD Maintenance manual judiciously.

Considering the nature of maintenance, the cost building has no prominent role on the maintenance charges. Hence the maintenance charges according to Plinth area of building adopted as per CPWD maintenance manual is suitable for our purpose.

Maintenance Charges for Schools/ Anganwadis, Office and Hospitals/PHCs/ Dispensaries

The following tables on maintenance charges are prepared by the Chief Engineer, LSGD considering the minimum requirement of maintenance works as follows.

Table 1.2.1: Schools / Anganwadis (Rs. per square metre)

Item	Up to 5 years	5-10 years	10-20 years	20-40 years	Above 40 years
Service charges (Minimum rate)	71.05	71.05	71.05	71.05	71.05
Annual Repairs (Hostel rates)	0	70.55	70.55	70.55	70.55
Special Repairs	0	34.80	34.80	52.65	80.15
Electrical Maintenance	0	84.00	94.00	94.00	94.00
Total	71.05	260.4	270.4	293.25	316.21
Average - Rs.285.00					

Table 1.2.2: Offices (Rs. per square metre)

Item	Up to 5 years	5-10 years	10-20 years	20-40 years	Above 40 years
Service charges (Minimum rate)	144.75	144.75	144.75	144.75	144.75
Annual Repairs (Hostel rates)	0	117.30	117.30	117.30	117.30
Special Repairs	0	92.45	92.45	153.05	214.70
Electrical Maintenance	0	98.00	110.00	110	110
Total	144.75	452.50	464.50	525.10	586.75
Average Rs. 507.21					

Table 1.2.3: Hospitals/ PHCs/Dispensaries (Rs. per square metre)

Item	Up to 5 years	5-10 years	10-20 Years	20-40 years	Above 40 years
Service charges (Minimum rate)	360.55	360.55	360.55	360.55	360.55
Annual Repairs (Hostel rates)	0	156.05	156.05	156.05	156.05
Special Repairs	0	92.45	92.45	153.05	214.70
Electrical maintenance (Minimum rates)	0	222.00	249.00	249.00	249.00
Total	360.55	831.05	858.05	918.65	980.20
Average- Rs. 896.99					

These three tables were circulated among the members of this committee along with the relevant tables of CPWD maintenance manual. All the members had agreed to the tables prepared. One of the members suggested the rates further if suitable considering the durability of paints and frequency of annual repairs required.

In order to have a rough proportioning of expenses towards the above 3 group of buildings in the ratio of 285.00: 507.21: 896.99 i.e., 1:1.78:3.13, it can be considered as 1: 2:3. Since the rates worked out is with respect to 2019 Delhi Schedule of Rates, it can be increased according to the increase in Delhi Schedule of Rates/Consumer Price Index.

Some sample calculations based on the total plinth area of buildings and allotment of grants of random selected LSGIs are attached. The LSGIs may be instructed to calculate the average plinth area rates required for maintenance of various categories of buildings viz. schools, Anganwadis, offices, hospitals etc. for future guidance.

09.06.2021

K. Sundaran
Chairman Working Group

Appendix 1.3: Technical Note on Devolution of Non-Road Maintenance Fund

The Sixth State Finance Commission went in for a paradigm shift from the erstwhile practice of distributing the Maintenance Fund (Road and Non-Road), either on population or using the formula for *inter se* distribution of Development Fund, to distribution based on ownership of assets. The methodology recommended by the Commission for roads was given in the First Report and accepted by the Government. Now, the methodology followed by the Commission in respect of Non-Road assets is elucidated below.

Data Sources

Data on assets of the Local Governments were collected by means of a pre-structured questionnaire using the platform of the NIC, from the respective departments on institutions transferred to the Local Governments. The data were collected on a number of parameters of transferred institutions like plinth area of own and rented buildings, year of completion of construction, recurring cost, vehicles and their cost and recurring expenditure, cost of equipment, medicines and other consumables etc. from nine departments. The list of institutions was sent for verification to Local Governments to identify omissions. 197 Local Governments responded, and the changes were incorporated. The data on institutions transferred were collected from the following departments.

1. Agriculture
2. Animal Husbandry
3. Allopathy
4. Homeopathy
5. Indian Systems of Medicine
6. General Education
7. Women and Child Department
8. Social Justice
9. Scheduled Castes Development (Pre-Matric Hostels)

Later the Commission decided to collect information on the number of users from the Departments except Agriculture and Animal Husbandry. The data used for the construction of index for the *inter se* distribution is presented in Table 1.3.1

Table 1.3.1: Parameters related to Transferred Institutions Collected from Departments for the Construction of Index

Variable	Parameter
Own Building of the Concerned Institution	Plinth Area of buildings by type of roof (Tiled, Concrete, and others (in Sq. Ft)
	Year of completion of different types of building for all departments, except Social Justice
Users	Allopathy Outpatients and Inpatients during 2018-19
	Homeopathy Out-patients and In-patients during 2018-19
	ISM Outpatients and Inpatients during 2018-19
	Number of School Children on the rolls (male, female and transgender students) during 2018-19
	Number of Children in Anganwadis
	Students residing in Pre-Matric Hostels
Maintenance Expenditure	Total Maintenance expenditure from 2015-16 to 2019-20
	Maintenance Expenditure for Animal Husbandry from 2015-16 to 2019-20

Source: Respective Departments and Information Kerala Mission

Assignment and Rationale of Weights for Parameters

Differential weights were assigned to the buildings of various departments based on 'Report on Formula to Distribute Non -Road Maintenance Grant to Local Self-Government Institutions of the State' submitted by the Working Group on Public Works constituted by the Commission and after a consultative process with experts. The Report weighted the buildings in the light of their expected economic life, utilization etc. as per the norms of the Kerala PWD Manual and CPWD Manuals. Based on empirical evidence, the maintenance charges for schools, Anganwadis, office and hospitals/PHCs/dispensaries were prepared by the Chief Engineer, LSGD considering the minimum requirement of maintenance works. On the basis of the empirical estimation, the report arrived at relative weight of 1:2:3 between schools, Anganwadis /office and hospitals. The Commission, after expert consultations and internal discussions, assigned weights to buildings of transferred institutions of different departments as presented in Table 1.3.2.

Hospitals have been given highest weight as all critical life-saving, all damage limiting, and mitigating interventions and major diagnostic procedures are provided by hospitals especially, by modern medicine institutions, because any delay in the treatment of most illness can cost the state exchequer huge amounts in terms of money, infrastructure, materials and incomputable human distress. All these loads have been compounded multi fold, beyond all predictions when the COVID pandemic impacted Kerala. Hence, hospitals have been assigned highest weight. All kinds of

learning institutions and hostels have been given weight of 1. The intensity of use is relatively less in offices of Agriculture, and Animal husbandry and hence assigned lower weight of one. Given the significance of the education for economic development and the trajectory of Kerala's development experience, the Commission assigned the weight of 1.5 instead of weight of 1 recommended by the Working Group. Care giving institutions under departments of Social Justice and Women and Child Development are given weight of 2, as these are residential institutions with higher wear and tear. Animal Husbandry related institutions have also been assigned a weight of 2.

Table 1.3.2: Weights Assigned to Parameters for the Estimation of Maintenance Fund (Non-Road)

Weights Assigned to Plinth Area of Buildings of Institutions	
Departments	Weights
Agriculture	1
Allopathy	3
Homeopathy	3
Indian Systems of Medicine	3
Animal Husbandry	2
Education	1.5
Scheduled Castes Development (Pre-Matric Hostels)	1.5
Social Justice	2
WCD (including Anganwadis)	2
Additional Weights for Age of the Building	
Age Classification	Weights
< 25 years	1
26 to 50 years	1.5
51 to 100 Years	2
>100 (Heritage Buildings)	2.5
Weights for Users (Patients, Students, Residents)	
Department	Weights
Allopathy OP	1
Allopathy IP	3
Homeopathy IP	3
Homeopathy OP	1
ISM IP	3
ISM OP	1
Education	1.5
Pre-Matric Hostel Residents (SC)	1.5
WCD (Anganwadi)	1
Animal Husbandry*	1

Note: * Data on the number of cattle and animals attended to by each veterinary institutions were not readily available. Hence for the animal husbandry department, the average share of maintenance expenditure to the total maintenance expenditure for five years from 2015-16 to 2019-20 is used as proxy for users. The share was 2.7 percent of the total maintenance expenditure.

Age of the building refers to the life of the building from the year of completion of construction to the year 2020. Weights to the age of the building bear positive association to the number of years of existence of the building, as upkeep and maintenance of the older buildings entails larger expenditure. More than 200 transferred schools and 15 to 20 hospitals are beyond a century old. Buildings above 100 years / historical/ heritage buildings need to be preserved for their intrinsic and cultural value. Their preservation and maintenance incur relatively larger expenditure and hence this is given higher weight. Further there are wide variations in the age of the buildings. Distributing the funds taking the absolute value of the age of the building would lead to extreme skewness in allocation. Therefore, to avoid skewness in *inter se* distribution, the weights were designated classifying them into four categories as given in Table 1.3.2. Wherever data on the year of completion of construction was not available, age of the building is assumed to be less than 25 years and weighted accordingly.

Users refer to the number of beneficiaries of the various public service institutions of the Local Governments like number of patients, students enrolled in schools etc. during 2018-19. Different weights are given to in patients and out patients. Inpatient care involves utilization of far higher number of consumables, equipment, time human resource and other infrastructure than an OP patient who is provided only consultative services.

Limitations of the Data and Assumptions

The Commission does not vouch for cent per cent accuracy for the data. Even after several iterative process for cleaning, the data suffers from the following limitations.

1. Data on plinth area need not necessarily be accurate. Further, the possibility of repeating the plinth area under different roof types cannot be eliminated, despite the Commission demonstrating utmost care in cleaning the data.
2. Likelihood of misclassifying transferred institutions across different tiers still persists. Its alarming to note the lack of clarity of some of the departments as to

tier to which institutions are transferred, even after two and a half decades of decentralisation in the state.

3. Data on year of completion of buildings were not furnished by all Local Governments and hence they were assumed to be completed within the past 25 years. Data on the year of completion of Anganwadis, buildings under Women and Child Development departments were not available in the form in which the Commission required.
4. Predictably, data on users were not furnished for all institutions. In the absence of the data the median value of category of users were imputed. For the computation of the median value, institutions were categorized according to their nature (For e.g., hospitals were classified as Public Health Centre, Family Welfare Centre and District Hospitals etc.).

Estimation of the Share of LGs

Shares of each Local Government in the total kitty is determined as follows:

Apportionment of Non-Road Maintenance Grants into two groups (I) amount to be distributed on the basis of the plinth area of the transferred assets weighted with their age [Plinth area share (P)], (II) based on the number of users with differential weights [Users share(Q)]. The shares for the above two categories were arrived at after several rounds of simulation exercises and cleaning of data, for six different scenarios (differential shares for the two categories). The Commission narrowed down to the ratio of two third to one third (66.67: 33.33) after expert consultations respectively for plinth area share (P) and Users share (Q). Thus $P+Q = \text{Total MFNR}$.

Distribution of Share of Plinth Area of Institutions

Plinth area share (P) is further apportioned among ten different streams of transferred institutions, based on weights of different streams recommended by the above-mentioned Working Group.

$$\text{Share of the Department, } P_i = \left(\frac{X_i W_i}{\sum_{i=1}^9 X_i W_i} \right) * P$$

Where X_i is the total plinth area of all institutions under the i^{th} department
Where W_i is the weight assigned to the i^{th} stream and i varies from 1 to 9

Further, within each department, plinth area of each institution was allotted weight according to the age of the building as given in Table 1.3.2. Thus, the share of a Local Government in the amount set aside to be distributed under P will be decided based on the following formula. The share of a Local Government from P would be as follows

$$SA_i = \left[\left(\frac{\sum_{j=1}^4 A_{ij} W_j}{\sum_{i=1}^{1200} \left(\sum_{j=1}^4 A_{ij} W_j \right)} \right) * P_1 + \left(\frac{\sum_{j=1}^4 B_{ij} W_j}{\sum_{i=1}^{1200} \left(\sum_{j=1}^4 B_{ij} W_j \right)} \right) * P_2 + \dots \dots \dots + \left(\frac{\sum_{j=1}^4 I_{ij} W_j}{\sum_{i=1}^{1200} \left(\sum_{j=1}^4 I_{ij} W_j \right)} \right) * P_9 \right]$$

Where SA_i is the share of the i th LG from P.

$A_i, B_i, \dots, I_i$ refers to 9 different streams of institutions

Where $P = P_1 + P_2 + \dots + P_9$ ($P_1, P_2, \dots, P_9$ represents shares of various streams of institutions transferred)

The shares of various streams of institutions are given in Table 1.3.3.

Distribution of Share of Users

As mentioned above, the data on number of users of Animal Husbandry Department was not available and hence, the ratio of maintenance expenditure of the department to total maintenance expenditure is taken as a proxy. Thus, the total amount meant to be distributed to users of various streams is divided (a) 2.7 percent to be distributed based on per capita expenditure of each Local Government, Q1 (b) the rest 98.3 percent to be distributed according to the users of each stream, Q2.

The share of a Local Government in Animal Husbandry (Ash_i) would be

$$Ash_i = \left[\left(\frac{E_i}{\sum_{i=1}^{1200} E_i} \right) * Q_1 \right]$$

Where E_i is the average per capita expenditure i th LG on Animal husbandry for five years from 2015-16 to 2019-20.

The share of a Local Government in Users share is determined after giving differential weights to OP patients, IP patients and students. The share a Local Government in this tranche is determined as follows

$$SUi = \left[\left(\frac{\sum_{j=1}^6 U_{ij}W_j}{\sum_{i=1}^{1200} \sum_{j=1}^6 U_{ij}W_j} \right) * Q2 \right]$$

Where SUi is the share of a Local Government in $Q2$

U_{ij} is the users of the i^{th} LG for the j^{th} Department

W_j is the weight for the users of the j^{th} Department

The computation with due weights assigned to the (i) transferred institutions and the plinth area of the buildings (ii) age of building and (iii) users is for the allocation of funds to the local governments and does not in any way connote any share to respective departments of the institutions.

Table 1.3.3: Share of Different Transferred Departments with Sectoral Weights and Users

Transferred Institutions	Plinth Area (in Sq. Ft)	Weights	Department wise Weighted Plinth Area	Department Share	Amount (Rs. in Lakhs)
Agriculture	1324209	1	1324209	0.57	688.92

Note: In the case of Thevalakkara Gram Panchayat the excess amount allocated in the budget should be adjusted in the subsequent years

ANNEXES

Annexe 1.1: List of Key Consultations held with Departments

The list of key online consultations held with Departmental Heads and Senior officers on non -road maintenance grants of transferred institutions is detailed here.

Sl. No.	Date and time	Name	Designation & Department
1	06/05/2021 at 10.00 AM	Sri. Jeevan Babu. K IAS	Director, General Education
2	06/05/2021 at 11.30 AM	Smt. Sheeba George IAS	Director, Social Justice Department
3	07/05/2021 at 10.00 AM	Dr. M.N. Vijayambika	Director, Homoeopathy Department
4	07/05/2021 at 10.00 AM	Dr. K.S. Preeya	Director, India Systems of Medicine
5	25/05/2021 at 10.00 AM	Smt. Anupama. T.V IAS	Director, Women and Child Development Department
6	25/05/2021 at 11.00 AM	Dr. K. M. Dileep	Director, Animal Husbandry Department
7	26/05/2021 at 10.00 AM	Dr. R. Ramesh	Director, Health Services Department
8	26/05/2021 at 11.00 AM	Dr. K. Vasuki IAS	Director, Agriculture Department
9	27/05/2021 at 10.00 AM	Smt. Sreevidya. P.I IAS	Director, Scheduled Caste Development Department

Annexe 1.2: Feedback from Departments on Administration of Non-Road Maintenance Fund

1. AGRICULTURE

Suggestions on Criteria for the Devolution of Non-Road Maintenance Funds

- The grants-in-aid received by the transferred institutions especially Krishi Bhavans, at the Panchayat level is very low to meet the recurring expenses of the offices, the expenses are met through the department funds. The fund allocation shall be made by assessing the extent of area and cultivation of crops at the Panchayat level. To be precise, this can be done by calculating the area of major crop cultivated e.g., more 'padasekharams' where paddy is the major crop season wise
- Nearly all buildings where Krishi Bhavans are functioning needs high maintenance and infrastructure facilities should also be increased. The funds may be allocated for developing front office system (smart Krishi Bhavan).
- Over and above 2% of the project cost shall be earmarked for facilitating the farmers for online facilities
- As planting materials (especially seedlings) are supplied through these offices but these offices do not have enough facility to store the seedlings and seeds, funds may be allocated to establish the same
- The agricultural engineering offices which are engaged in repair and stocking of equipment and machineries need good storeroom facilities which can be met through this cost. Moreover, all soil testing labs require high maintenance cost for lab equipment, which is now met through department funds, As the labs are under District Panchayat, the same can be met in non-road funds. The block level ADA offices and Departmental farms also needs high maintenance cost of machineries and equipment, and storage can be considered under this grant.
- At present the income of the transferred farms are remitted to District Panchayat. These amounts if permitted to reutilize for the concerned farms revitalization proper project can be uploaded under own fund. For this, the IKM software may be modified for uploading such projects (Sulekha).
- The average of three years data reveals that the fund remitted to the District Panchayat and amount sanctioned through the project reveals that only less than 50% of the fund remitted is given to farms for development activities.

The details of data collected from various Districts are appended here

AGRICULTURE				
#	District	Total Fund remitted (Rs. In Lakhs)	Total Fund Received (Rs. In Lakhs)	Percentage of Fund Received (%)
		2017-18 2018-19 2019-20	2017-18 2018-19 2019-20	2017-18 2018-19 2019-20
1	Thiruvananthapuram	670.32	246.65	36.79
2	Kollam	462.33	176.32	38.13
3	Pathanamthitta	114.42	24.23	21.17

2. ALLOPATHY

Health Services suggestions -Allocation of funds from Local Self Governments to Transferred Health care Institution

Sub: Constitution of a committee to give suggestions to sixth finance commission on fund requirements of transferred institutions reg.

Ref; DO letter No SSFC-C1/06/2021- FIN dated 17-4-21

As per the letter referred above, Chairman Sixth Finance Commission would hold a discussion with the DHS for setting up of norms for allocation of funds for the maintenance of health care institutions transferred to Local Self Governments. It is observed that the general formula currently followed for the transfer fund to respective categories of health care institutions for the maintenance does not meet the actual requirements. Hence it is directed to constitute a department level committee to discuss and work out the requirements of the transferred institutions in the following areas, on the basis of standard norms with justifiable data. The focus should be for providing funds for items where government funds are not there.

Fund requiring areas -

1. Maintenance of buildings
2. Maintenance of equipment including computers and lab equipment with AMC
3. Regular Office expenses like electricity charge, water charge, fuel charge etc.
4. Supply of consumables like food, medicine etc.

At DHS level a subcommittee was constituted with following members, and a meeting of the subcommittee members were convened on 28-4-2021 to discuss the issues referred above.

In addition to the members referred above, state Health transport Officer and Cold Chain officer (in charge of hospital equipment repairing Unit at DHS level were also invited and attended the meeting)

- ADHS Planning
- ADHS Medical
- ADHS FW
- DD Planning
- Sr Finance Officer
- Engineering Liaison Officer
- Accounts officer FW

Based on the discussions of the committee following suggestions are prepared

Health Services suggestions -Allocation of funds from Local Self Governments to Transferred Health care Institution		
Criteria	Fund Devolution	Out of the total fund available for Health, how much % to GP, BP, Municipality and District Panchayat level institutions.
	Non-Road Maintenance	Can be based on the total plinth area of hospitals and health care institutions and hospitals transferred to each category of LG E.g.: If total plinth area of GP level institution is 40 % same percentage may be earmarked for GP level institutions, and if 10% of plinth area comes under BP wise institution then 10 % of the amount to BP level institutions etc.
	General Purpose Grant	Based on the percentage of total outpatient and inpatient load, surgical procedures and delivery services coming under each category of institutions (those under GP, BP, Municipality & DP) broad allocation criteria to each category of institution may be fixed. While calculating the allocation percentage of Grama panchayat level institutions sub centres also to be considered

Health Services suggestions -Allocation of funds from Local Self Governments to Transferred Health care Institution	
Mandatory items to be included under maintenance	All patient care related components to be included in this Non road maintenance fund based – all contingency requirements of civil construction and electricity/ water supply connection, related repair works of outpatient- inpatient wings, Operation Theatre, investigation facility related. Patient and bystander amenities like seating facilities, toilet facilities, Q management, drinking water facilities, differently abled and old age friendly arrangements, compound cleaning, infection control, water, electricity, rent Rate Tax (RRT) etc. should also come as part of this. All field level public health activity related components like organisation of medical camps, immunisation camps, awareness programmes, epidemic prevention and control, mobility support, additional materials and supplies for field level public health programmes, and other contingency requirements should also come under mandatory category. Fund provision through non plan head to DHS for diet (food) of patients, and that for contingency procurement of drugs is sufficient only for meeting the requirement of non-transferred institutions. Sufficient fund should be made available through the general-purpose grant to LSG. Specific percentage for Health care institutions/ and a specified amount for each category of institutions (FHC/PHC/CHC/ THQs and DH) as per the patient load may be also specified so that fund provision can be ensured. Fuel charges are given by LSG/ reimbursed through LSG. As per the latest Motor vehicle department Order many of the currently using vehicles of the health service department will have to be condemned. Some special provision of ensuring availability of vehicle for health care institutions through LSG fund / MLA/MP local area development fund is needed Many institutions regular payment of office expenses, electricity charge, water charge with LSG fund is not taking place. In some cases, at the critical juncture of disconnection due to pressure from different sides, LSGI make the payment. It is reported that some institutions include the electricity bill payment as projects under plan head, as sufficient fund is not available under General Purpose grant. Only if sufficient fund is available under General purpose grant, the system of including it under plan scheme proposal can be avoided.
Desirable items to be included under maintenance	Beautification of the hospital like land scaping, outdoor child play areas, amenities for staff (those not directly related to patient care) and similar other activities which does not directly linked with patient care may be considered under this category.

Health Services suggestions -Allocation of funds from Local Self Governments to Transferred Health care Institution	
Process of preparation of fund requirements	As in the case of plan fund proposal, annual meetings for assessing the fund requirements and to prepare fund allocation plan, accordingly, followed by periodic review meetings

3. HOMEOPATHY

Suggestions on the Devolution of Non-Road Maintenance Funds

Mandatory	Desirable
Hospital equipment Replacement of obsolete equipment with modern equipment and facilities. These include diagnostic apparatus and equipment Funds for repair and maintenance of equipment	Funds should be allocated for appropriate storage space of medicines in coastal and humid areas especially.
Procurement of medicines Permission to procure medicines in homeopathy hospitals and dispensaries based on I/P and O/P Emergency provision of additional funds for activities like organizing of medical camps during the prevalence of contagious diseases), Anganwadi visits, reference, awareness programmes	Funds may be allocated for disease-wise special projects following a disease prevalence survey
Laboratories It is essential to establish lab facilities in homeopathy hospitals to facilitate diagnosis and treatment. It would be useful to set up labs in LSGs with more than one homeopathy institutions. Provisions may be made for lab reagents, lab technicians and lab equipment.	LSG Maintenance Fund -Expenses related to repair and maintenance, purchase of equipment and medicine may be met from this fund Own Fund – Electricity, water, telephone, internet charges, computer peripherals and expenses related to cleaning equipment may be met from Own Fund Plan Fund – Construction expenses for new buildings may be met from the Plan Fund

	Development Fund - Expenses to carry out projects to be implemented via Government hospitals
Waste Management While dispensaries do not generate biomedical waste, homeopathy institutions like labs and hospitals require biomedical waste treatment facilities and registration with the pollution control board. Used medicine containers also need to be safely treated and disposed.	Only 6 of the 34 hospitals have their own vehicle. Provision may be made for purchase of vehicles for the remaining hospitals as well.
Building a. All homeopathy institutions should have their own buildings constructed to a particular specification and envisaged standard. Steps may be taken to identify land and construct buildings for those institutions who do not have their own building b. Pharmacy and storeroom should have facilities to safely store medicines c. Not all institutions established under the Tribal Sub Plan also do not have their own building e.g., Muniyara Homeo Dispensary, Kunnathadi Panchayat, Idukki d. It is suggested TSP fund guidelines enable purchase of land and construction of building for homeopathy institutions	Human Resources - There is no unified staff pattern. However, there is provision to pay extra staff. It is suggested that in institutions with only 3 staff where the number of O/P is high provision may be made to recruit the services of additional personnel via the LSG and a guideline may be drawn up to this effect Currently salaries of doctors are met via NHM in AYUSH PHCs. Pharmacists, attenders and PTS are met through LSG funds. As this is not standardized it is recommended that these positions are paid based on the daily wage rate determined by the State Government. A multipurpose worker may be recruited via the LSG for institutions where the work burden is high
Fire Extinguisher As homeopathy institutions store medicines with spirit, provisions should be made for the purchase of fire extinguishers per advice of Fire Officer	

4. INDIAN SYSTEMS OF MEDICINE

The following criteria may be used to determine fund allocation for transferred institutions of ISM

- Monthly IP and OP patients
- Number of Beds
- Area
- Funds to promote the growth of emerging specializations of ophthalmology, palliative care, geriatrics and sports medicine

ANIMAL HUSBANDRY**Suggestions on Criteria for the Devolution of Non-Road Maintenance Funds**

Institution	Electricity charge per year	Water charges per year	Phone/Internet per year	Waste Disposal per year	Medicine per year	Data Entry charges per year	Rent per year
District Veterinary Centre	50000-60000	12000-15000	24000-30000	360000-60000	500000-1000000	100000	
Veterinary Polyclinic	30000-50000	12000-150000	24000-30000	360000-60000	300000-500000	100000	25000-30000
Veterinary Hospital	24000-30000	12000-150000	24000-30000	360000-60000	300000-500000	100000	100000-300000
Veterinary Dispensary	24000-30000	12000-15000	24000-30000	360000-60000	300000-500000	100000	100000-300000
RAHCs	15000-20000	5000-6000	24000-30000				
Farms	30000-40000	12000-15000	24000-30000		100000-300000		

5. EDUCATION**Suggestions on Criteria for the Devolution of Non-Road Maintenance Funds**

EDUCATION			
#	Mandatory Items	Percentage of Allocation	Criteria
1	Repairs and maintenance of classrooms, laboratories, library, toilets, auditorium, stage and kitchen	50%	• Age of building ○ >50 years old ○ 30-50 years ○ 20-30 years ○ 10-20 years ○ <5 years • When last repaired • Area of building • Type of building ○ Tiled ○ Concrete ○ Sheets
2	Playground repairs and maintenance and maintenance of sports equipment	10%	• Area • Age of assets
3	Compound wall	5%	• Circumference • Damages
4	Repair and maintenance of furniture	10%	• Number of students • Age of assets
5	Repair and maintenance of equipment	2.5%	• Type of school ○ Primary ○ Secondary ○ Higher Secondary ○ Vocational Higher Secondary
6	Running expenditure Water, electricity, telephone charges	Own Fund/General Purpose Grant	• Number of students • School Type ○ Primary ○ Secondary ○ Higher Secondary ○ Vocational Higher Secondary • The current cost of this item
7	Rent (if applicable)	0.5%	Per actuals
8	Disposal of Used / Abandoned Assets (Buildings, Biogas Plant, Rainwater harvesting units etc.)	2.5%	Assets that cannot be repaired and reused

EDUCATION			
#	Mandatory Items	Percentage of Allocation	Criteria
9	Purchase of furniture	5%	Increase in number of students
10	Purchase and maintenance of laboratory equipment	5%	• Number of students • School Type ○ Primary ○ Secondary ○ Higher Secondary ○ Vocational Higher Secondary
11	Modernizing kitchen facilities, purchase of utensils and cooking equipment	4%	• Damages • Increase in number of students
12	Fire extinguisher-purchase and maintenance	1.5%	• Number of students

EDUCATION		
#	Desirable	Criteria
1	Biogas plants/rainwater harvesting units	• Availability • Damage
2	Repair and maintenance of vehicles	• Age of assets • Damages
3	Initiatives to ensure clean and safe environment	• Number of children • Local / specific context
4	Costs of Preservation of Biodiversity, Gardening and aesthetics of the school premises	• Context specific requirement
5	Purchase of books and periodicals for the library	• Number of students

Process to be Followed

- School authorities to carry out a maintenance needs assessment and prepare a proposal annually by end of January.
- School principal to submit the proposal to the Local Government
- The Standing Committee on Education of the concerned local government to review and sanction funds for the purpose
- Schools that have primary to higher secondary classes are under the jurisdiction of the District Panchayats. If found feasible, Grama Panchayats may support the maintenance requirements of the primary section of these schools

6. SOCIAL JUSTICE

Note on basic criteria for allocation of funds for the needs of various welfare institutions transferred to local bodies

It would be appropriate to refer some common issues to the Commission

- 1) It would be advisable if Fund transfer is made through the District Social Justice Officer directly to the Welfare Institutions rather than through local bodies to ensure effective supervision and auditing of the institutions and to ensure that the accounts are accurately kept by the concerned welfare institutions.
- 2) The land area of welfare institutions in Kottayam, Malappuram and Kozhikode district of the department which has been handed over to local bodies and located in the institution complexes is not specifically determined.
- 3) Since the jurisdiction of the institutions transferred from the Social Justice Department to local bodies located in the Municipality and Block panchayats is throughout the district, it is seen that bringing these institutions under the District Panchayat will be more beneficial for the management of the institution.

The amount should be earmarked from the Maintenance Fund of the Panchayat for the following items:

Item	Estimated Amount
Electricity	Estimated Charge Rs. 30000/month
Water Charge	63,000/-/per month
Telephone Charge/internet	20,000/-/per month
Plumbing	Need based
Computer Repair, toner refilling, cartridge change	Need based
Furniture Repair	Need based
Electrical Repair	Need based
Emergency Purchase of Electronics items (bulb, fan etc)	Need based
AMC of Computer and other Electronic/ electrical items	5000-10000 per annum
Vehicle Repair, Maintenance, Insurance, POL, Driver honorarium	5,00,000/per annum (wherever vehicle is available)
Funeral Services Charges	5000/-/per case
Periodicals (newspaper journals etc), cable tv monthly charges	700 per month
Cooking fuel (gas/ wood etc.)	1,50,000

LSGD PLAN FUND

Funds to be earmarked mandatorily

Elderly Friendly, Disabled Friendly infrastructure
Incinerator
Power laundry
Setting up the sick room with all the needed medical equipment in old-age homes (Walking stick, nebulizer, medical bedsitting) (type, pulse oximeter, stethoscope, trolley, first aid kit, wheelchair etc)

Out of the transferred institutions, at least old age homes must be provided with vehicle facilities. Some institutions have vehicles obtained by donation/MLA fund. Such available vehicles are not included in the LSGD assets. Due to paucity of funds for operating such vehicles sometimes they are kept idle, and the vehicles are perishing without use. There should be provision to allot sufficient funds to meet recurring expenditure related to POL, repairs etc. in such cases to avoid wastage of assets.

Desirable items to be considered from LSGD plan fund

Vehicle (purchase of new vehicle/ hiring contract vehicle)
Construction of New building
Maintenance of building existing building (like painting, major repair, extension works, beautification of the premises etc .)
Compound wall construction
Solar light
Biogas plant
CC TV
Furniture
Cooking Utensils
Mixer grinder
Fire rescue arrangements
Inverter
Bed
Pillow
Bed sheet
Computer, printer, photocopier
Vocational rehabilitation related services (with the support of competent professionals)

Items for which department fund is currently given

Fields	Estimated Charge
Dietary items	2000/inmate/month
Medicines	1000/month
Clothing	2000/inmate per annum

7. WOMEN AND CHILD DEVELOPMENT DEPARTMENT ON ANGANWADIS MGNR UTILIZATION

Introduction

Utilisation - for Anganwadi Infrastructure and Running

Present Scenario

The LSGIs are at present utilising the MGNR grants by preparing and taking up projects as per Government plan guidelines applicable. The process is as follows:

- Grama Sabhas are convened at Ward Level.
- The proposals from Grama Sabhas are discussed in the Development Forums under the leadership of various Working Groups. Discussions are conducted for finalising the Draft Plan Document.
- Approval of the Plan Document.

Even though the Project proposals for maintenance of Anganwadis, painting, construction of compound wall, Welfare activities etc. will generally feature in the draft project proposals, many proposals get omitted from the Final approved Plan at times. This may happen due to non-appropriation of funds and funds getting reallocated for other transferred institutions. Implementing Officers, implementing methods etc. may influence these diversions. For e.g., construction activity projects are implemented by Assistant Engineers and projects for providing water charges, electricity, other O&E of Transferred institutions are implemented by Secretaries/ Assistant Secretaries. Even though demands for such projects are raised at the time of preparation of draft plan, sometimes it may get ignored and projects may not get implemented.

Since its not made mandatory to earmark certain proportion of funds for MGNR for Anganwadis/ for welfare of Women and Children these gaps occur and if this gap is filled then only Anganwadis will be benefitted.

For these following proposals are put forth:

I.Fund Allocation

1. Allocate funds to this sector based on the total no. of Anganwadis.
2. For Anganwadis functioning in own buildings:
 - Separate funds to be earmarked for repair, furniture, other equipment etc
 - Funds to be allotted to all Anganwadis to facilitate repairs/maintenance in every two years.
3. For Anganwadis functioning in rented buildings-Funds to be allocated to purchase other equipment.

II.Guidelines for Implementation

1. The amount allocated for Anganwadis to be used for Anganwadis only.
2. The needs and requirements related for procurement of goods for each Anganwadi may differ. For this, allotment of a certain amount of fixed money (Below Rs 5000/-) may help for easy procurement of essential commodities by local purchase.
3. If the above goods are procured directly by the Anganwadi worker with the approval of ALMC, the concerned Supervisor can allot the fund. On the other hand, if it's to be spent by the Supervisor directly and if for e.g., 25 Anganwadis are functioning under her she may have to resort to tender option ($25 \times 5000 = 125000$).
4. Since there is no Flexi fund in Anganwadis now, this will be of immense help to fix and tide over urgent issues such as plumbing, wiring, repair of motor, gas stove repairs, painting of outer walls, purchase of goods needed urgently etc.

Benefits

1. Each Anganwadi gets a fair share of fixed amount every year.
2. Construction activities to be given utmost importance.
 - a) Toilet
 - b) Baby Friendly Toilet
 - c) Compound wall with gate
 - d) Sand Pit
 - e) Playing area etc.

It would be better if small works (below 50000/*) among those listed above are executed through ALM&SC since it's very difficult to get such works (especially of Baby Friendly Toilets) executed through tenders since contractors are reluctant to take up the works.

3. The Anganwadis are situated in an LSGI in a scattered manner in various places. When a contractor takes up a work for repair of many Anganwadis when it's tendered as one work, as is done in most cases, it is not practicable for him to collect the materials in one place and the transportation to various sites is a real issue. Owing to this most contractors are reluctant to put in tenders and they are not willing to take up the works even when forced.

The benefits if such works are entrusted to ALM&SC

Separate Government orders are needed to entrust such works to ALM&SC now. Since Anganwadi Worker and Helper are there in the ALM&SC such works entrusted can be executed and completed efficiently through them. Moreover, if any additional fund is required, they may be able to generate the funds on their own for timely completion of the work.

Annexe 1.6: Analysis of Non-Road Maintenance Fund Expenditure

Table 1.6.1: Non-Road Expenditure of Local Governments and Number during 2016-20 by the Health Institutions

Categories	Type of Institution	No. of LGs	2016-20 Exp (Rs. in Lakhs)
Building, ward, sidewall	Allopathy	825	11,122.4
	Ayurveda	523	2,367.7
	Homeopathy	385	1,290.8
	Siddha	13	41.2
	Unani	15	50.4
Medicines	Allopathy	737	11,520.9
	Ayurveda	1017	25,172.1
	Homeopathy	967	8,033.9
	Siddha	74	589.5
	Unani	68	266.2
Equipment & furniture	Allopathy	667	5,840.1
	Ayurveda	453	1,018.1
	Homeopathy	402	831.0
	Siddha	22	59.2
	Unani	18	68.6
Facilities	Allopathy	328	2,324.1
	Ayurveda	156	335.3
	Homeopathy	112	212.5
	Siddha	4	46.0
	Unani	3	2.1
Waste processing & management	Allopathy	59	162.9
	Ayurveda	12	51.1
	Homeopathy	6	18.4
	Siddha	1	1.6
Salary & Honorarium	Allopathy	37	154.0
Vehicles	Allopathy	3	30.2
	Ayurveda	1	5.0

Annexe 1.7: Non-Road Maintenance Fund Requirements - Formats

Format 1.7.1: One Time Data Collection Template - Institution Wise

1. Name of Institution
2. District
3. Department
4. Type of Local Government
5. Tier of Local Government
6. Name of Local Government
7. Infrastructure – Own Building:
 - 7.1 Roof type (Tiled/Concrete/Sheets-Others)
 - 7.2 Number of Storeys
 - 7.3 Type of Wall
 - 7.4 Type of Floor
 - 7.5 Year of Completion
 - 7.6 Total Plinth Area
8. Total Land Area
 - 8.1 In case of schools, playground area, indoor / outdoor courts numbers / area, swimming pool etc
9. Waste Management
10. Rain Water Harvesting
11. Toilets
12. Adjunct structures
13. List of Major Equipment
14. List of Furniture Items
15. Repairs and Maintenance Expenditure -last three years
 - Expenditure met by the Department
 - Expenditure met by the Local Government
 - Expenditure met from the Owner
16. Infrastructure – Rented Building:
 - 16.1 Roof type (Tiled/Concrete/Sheets-Others)
 - 16.2 Plinth Area
 - 16.3 Monthly Rent
 - 16.4 Repairs and Maintenance Expenditure last three years
 - Expenditure met by the Department
 - Expenditure met by the Local Government
 - Expenditure met from the Owner

17. If area of jurisdiction spans more than one local body, specify names of local bodies

18. Recurring costs of the Institution last three years

- a. Electricity charge
- b. Water charge
- c. Telephone charge
- d. Rent, Rates and Taxes
- e. Wages/Honorarium
- f. POL
- g Maintenance of vehicle (Repair)
- h. Maintenance of furniture
- i. AMC for equipment including computer, generators, etc
- Laundry items
- j Other repairs (if any)
 - Expenditure met by the Department
 - Expenditure met by the Local Government
 - Expenditure met from other sources

19. Cost of Fuels for Vehicles last three years

- Expenditure met by the Department
- Expenditure met by the Local Government
- Expenditure met from other sources

20. Details of cost of Vehicles now in use in the institutions last three years

- Type of vehicles
- Year of purchase
- Source of funds for vehicle purchase (Local Government/Department/Other)

21. Details on Expenditure on Consumables specific to Institution last three years

- 21.1 Teaching Aids/ Toys
- 21.2 Purchase of medicines
- 21.3 Other consumables
- 21.4 Source of funds

22. Funds Received – Plan last three years

- 22.1 From Department
- 22.2 From Local Government

23. Funds Received – Non Plan last three years

23.1 From Department

23.2 From Local Government

Each Building to be geotagged and details made available on GIS platform

Format 1.7.2: For Approval Process of Non-Road Maintenance Plan

Name of LG to which the Institution Belongs	District
