PARLIAMENTARY STUDY CENTRE (PARLIAMENTARY STUDIES)[K-LAMPS (PS)]**

Any democratic Parliament for its part will seek to foster a vibrant civil society and to work closely with it in finding solutions to problems the country is facing and in improving the quality and relevance of legislation. Informing citizens about the work of Parliament should not just be a concern but also a responsibility of Parliaments themselves. Indian Parliamentary Democracy being one of the largest and strongest in the world, strives to impart democratic values to its people through the functioning of Parliament and State Legislatures. The Open and Distance Learning System with its inherent flexibility and affordability has emerged as an important mode for providing education and awareness to various sections of the society. The Centre for Parliamentary Studies and Training (CPST), an integral division of the Kerala Legislature Secretariat formed in 2011, was the premier institution providing opportunities for systematic study and training in various disciplines related to parliamentary institutions, processes and procedures. Sabha T.V. is the intrinsic division of the Secretariat of Kerala Legislature which aims at broadcasting live proceedings of the Kerala Legislative Assembly along with general information programmes with keen analyses of affairs related to the Legislative Assembly. Sabha T.V. which has been instrumental in telecasting the proceedings of Legislative Assembly with transparency and accountability has now started streaming its programmes online through various social media and OTT platforms. The Centre for Parliamentary Studies and Training and the Sabha TV of the Kerala Legislative Assembly was conjoined in March 2021 to form Kerala Legislative Assembly Media and Parliamentary Study Centre (K-LAMPS) with two divisions viz. 'Parliamentary Studies' and 'Media' functioning under the Centre to streamline and channelise the functioning of both for executing various programmes of the Kerala Legislative Assembly in a more efficient and multifarious manner. The K-LAMPS (Parliamentary Studies) intends to continue Certificate Course in Parliamentary Practice and Procedure in the distance education stream like its predecessor, CPST, to propagate the idea, principle, philosophy and practice of parliamentary democracy. The Centre has embarked upon various programmes of study for imparting professionalism, expertise and orientation to those who work as part of the parliamentary system in addition to providing insight to all stakeholders of parliamentary democracy including students from schools and colleges, academicians and general public about the role played by elected representatives in law making and good governance in a parliamentary democracy.
