Note # 1

ANERT promoted an innovative scheme of establishing 140 AkshayaUrja Service Centres in all 140 Assembly Constituencies of Kerala to provide Services to the Public in the areas of identification and selection of appropriate renewable energy equipment/devices, technical support and effective and timely maintenance of the renewable energy devices installed at public places and households.

Service rate has been fixed for repairing and maintenance of solar systems through Urjamithra centres Contacts of Urjamithra Centres were forwarded to the various Government and other agenciesFor utilizing the service of Urjamithra. They are authorised to distribute Energy Efficient appliances/equipment by Energy Management Centre.

Vide letter dated 24/02/2023 they have given proposal of forming a consortium (**"Renewable Energy Care")** to support ANERT in various activities of Solar City Programme.

The target of 800MWis required to meet the demand of Solar city.To achieve the target large numbers of installations are required.For up keeping the systems especially installed in government offices dedication and frequent site visit etc. is required.. This can't be possible with the man power available with ANERT .

We are already having rates fixed for each work by Urjamithra and it is used by various LSGD institutions and other department for availing their service. Their service may be utilised for managing the liaison work, inspection and O&M service of completed work.

It is suggested to execute a MoU with the Urjamithra consortiumto suppot agency for ANERT for the implementation and maintenance of installation with respect to O&M and liasoning for smooth implementation of the project.

File putup for further action.

Note # 2

We are targeting 600 buildings solarisation under 100% solarisation of Government building in Solar city. Up keeping of Systems in Government buildings is challenging and to manage the systems a permanent arrangement has to be put in place.

It is also critical to have support for material survey, Site inspection, O &M support, the proposal by "Renewable Energy Care" (REC) consortium of Urjamithra may be considered. We may sign an MoU with this consortium and entrust various work based on requirement.

Following conditions may be included in the MoU

1. **REC has to abide with orders issued by ANERT with respect to the Solar city implementation.**
2. **All work entrusted has to be executed on behalf of ANERT , In such case REC will perform as a extended arm of ANERT.**
3. **2nos nodal persons shall be designated to communicate with ANERT project team and submit the report on behalf of REC.**
4. **A " DESK " of REC with minimum facilities has to be provided at ANERT . Space for this will be provided by ANERT along field implementation team of ANERT.**

5. Thew honorarium for each activity will be fixed as per the prevailing order AO.No 263/2022/ANERT dated 23/12/2022 or amendments or new orders issued by ANERT.
6. REC is also eligible to provide service to other EPC or individuals or organisations or LSGD or any other entity.
7. Infrastructural development support may also be provided by ANERT after executing an asset management agreement.

Hence the proposal from REC, Urjamithra Consortium may be accepted . MoU may be executed and immediate arrangement for engaging REC may be engaged for activities in solar city.

ANERT has signed amemorandum of association with Renewable Energy Care (REC), a consortium of Urjamithra service centers established by ANERT under the Entrepreneurship Development Program as service centers for renewable energy and energy conservation equipment.This suggests that ANERT can utilize REC's services for all project divisions of ANERT when required, which will help improve project quantity and efficiency.

General conditions have been drafted.

As per A.O No.101/2023.ANERT Dt. 29/04/23 (File No ANERT/121/2019-PO(JNP) honorarium to Urjamithra Centres for conducting feasibility study, inspection etc has been fixed. Liaisoning with local bodies and other Departments for sourcing deposit work may also be included in the order and honorarium may be fixed.

Now the honorarium for conducting site survey is releasing from the plan funds.Honorarium to REC for liaisoning work with local bodies and other Departments for sourcing deposit work may also be released from plan funds - H/a -Supporting system for implementing Renewable Energy Programmes in District level.

ACTM suggested to make the honorarium available from plan fund. If plan allocation is available it can be done. But the volume of efforts for each activity may be different based on the project size .

CTM ANERT

Note # 115

REC being a consortium of some Urjamithra Service Centres, the previleges officially given to Urjamithra with respect to honorarium may be extended to REC also. It is justifiable as we are facing shortage of man power especially in field implementation and site feasibility studies. Honorarium needs to be increased by considering the work load involved in case of higher capacity installations.

Minutes of Meeting held on 20/12/2023 Chaired by CEO ANERT

Attendees:

1. Shri. Narendra Nath Veluri IFS - CEO, ANERT
2. Shri. Aneesh S Prasad – CTM, ANERT
3. Shri. Rajesh R – ACTM, ANERT
4. Smt. Kala K G – ACTM, ANERT

The meeting was held on 20/12/2023 at 04.30 pm chaired by ANERT CEO Shri. Narendra Nath Veluri IFS. The main focus of the meeting was to discuss the needs and general conditions of utilizing Renewable Energy Care (REC) services for all project divisions of ANERT as and when required.

Decisions Taken

1. To manage shortage of manpower, ANERT offices can utilize the support services of REC as an extended arm for Promotion, Awareness, Formulation of projects, Monitoring and service support of Renewable Energy Projects. The area of activity assigned to REC shall involve the operation and maintenance of solar power plants, solar street lights, or any other renewable energy systems that REC can undertake. This also includes liaising with local bodies and other departments for site surveys, sourcing deposit works, maintenance of service contracts etc.
2. REC may also be entrusted to liaise with Government departments, PSUs, LSGD institutions for awareness, formulation of projects and obtaining deposit work or Consultancy work for ANERT. In such a case, REC has to request the concerned office for the allotment of institutions for liaison for the project.
3. ANERT shall assign work requirements to REC as and when needed, along with a timeline for completion.

Dear sir,

Glad to inform you that some of the Urjamithras have come together to form a 'CONSORTIUM' named M/S Renewable Energy Care - details off which are attached herewith for your scrutiny. Would like to highlight following points for your kind consideration.

1. Thought process behind forming such an entity was that - a group as we formed - would be able to handle and address the technological/economical/professional challenges of works that may come in our way or we intend to take upon - much more efficiently than if we remained in fractured form as individual Urjamithras.

2. We are capable of undertaking – including but not limited to - following works in regard to renewable energy projects associated with ANERT as indicated below.

   Feasibility survey, Site Survey, Material inspection, Site Supervision, Material Quality inspection, Site Management Services, Liaison with KSEBL and Electrical Inspectorate, Commissioning requirements as well as Operation and maintenance. We can also associate with and undertake Awareness programmes, Campaign programmes, Training programmes or any such programmes ENVISIONED by ANERT (for example Status Survey of projects executed by ANERT in yesteryears) as per guidance and instructions received upon Modus operandi requirements.

3. Would like to point out that, under this entity formed as 'CONSORTIUM' we have 6 number of Solar Installers and 5 number of Solar inspectors who have ample technical/ professional expertise to cater to address challenges that we intend to take upon.

4. Additionally we are capable of addressing the Economical / Professional challenges that will come in our way as a solid group formed by well experienced and well trained professionals, who believes in execution of commitments taken upon – in a qualitatively sustained manner over the years to come - is the way to go.

Hereby submit the details and request that you consider us favorably for works associated with ANERT in a - Mutually beneficial manner – for which would like to request you to contact the undersigned for further clarifications and discussions.

2. Shri. Aneesh S Prasad – CTM, ANERT
3. Shri. Rajesh R – ACTM, ANERT
4. Smt. Kala K G – ACTM, ANERT

The meeting was held on 20/12/2023 at 04.30 pm chaired by ANERT CEO Shri. Narendra Nath Veluri IFS. The main focus of the meeting was to discuss the needs and general conditions of utilizing Renewable Energy Care (REC) services for all project divisions of ANERT as and when required.

Decisions Taken

1. To manage shortage of manpower, ANERT offices can utilize the support services of REC as an extended arm for Promotion, Awareness, Formulation of projects, Monitoring and service support of Renewable Energy Projects. The area of activity assigned to REC shall involve the operation and maintenance of solar power plants, solar street lights, or any other renewable energy systems that REC can undertake. This also includes liaising with local bodies and other departments for site surveys, sourcing deposit works, maintenance of service contracts etc.
2. REC may also be entrusted to liaise with Government departments, PSUs, LSGD institutions for awareness, formulation of projects and obtaining deposit work or Consultancy work for ANERT. In such a case, REC has to request the concerned office for the allotment of institutions for liaison for the project.
3. ANERT shall assign work requirements to REC as and when needed, along with a timeline for completion.

General Conditions

ANERT has signed a memorandum of association with Renewable Energy Care (REC), a consortium of Urjamithra service centers established by ANERT under the Entrepreneurship Development Program as service centers for renewable energy and energy conservation equipment.This suggests that ANERT can utilize REC's services for all project divisions of ANERT when required, which will help improve project quantity and efficiency.

General conditions:

1. ANERT shall assign work requirements to REC as needed, along with a timeline for completion.
2. The area of activity assigned to REC shall involve the operation and maintenance of solar power plants, solar street lights, or any other renewable energy systems that REC can undertake. This also includes liaising with local bodies and other departments for site surveys, sourcing deposit works, and maintenance contracts, etc.
3. Due to shortage of manpower ANERT district offices could not reach all potential institutions for promoting implementation Renewable Energy Projects. As an extended arm of ANERT, we can utilise the service of REC in such case . REC may be entrusted to liaison with Government departments , PSU's, LSGD institutions for awareness , formulation of projects and obtain deposit work or Consultancy work to ANERT . In such case REC has to request concerned office for allotment of institutions for liaison for project. For the the projects obtained through REC , REC has to be compensated for their effort.10% of the service charge or PMC charges shall be paid as honorarium on realising the payment from indenting institution
4. The honorarium for all services has to be finalised and published by ANERT for for easy processing.

Memorandum of Understanding

This Memorandum Of Understanding (Hereinafter called as MOU) made and entered into this ------ day of -------- in the year of Two Thousand and three

BY AND BETWEEN

Agency for New and Renewable energy Research and Technology which is an autonomous organization established by the Government of Kerala, functioning under the Department of Power, with its Headquarters at Thiruvananthapuram (hereinafter called the "ANERT" which expression shall include their respective successors and permitted assigns) . ANERT is the State Nodal Agency (SNA) for the Ministry of New and Renewable Energy (MNRE) Govt. of India, to carry out the Centrally Assisted Programmes in Kerala of the First Part

AND

and M/S Renewable Energy Care – having its office at Lakshmi Nagar, Pattom, Thiruvananthapuram - A Consortium formed between Urjamithra Service Centres established under entrepreneurship development programme as service centres of Renewable Energy and Energy Conservation equipment and systems as per agreement attached to this as Annexure 1 and which shall be deemed to be an integral part of this MOU (hereinafter called as REC) which expression shall, unless the context does not admit, include its successors and assigns), represented by the ---------- on the second part.

WHEREAS

1. The ANERT is actively involved in the Renewable energy field including but not limited to Solar Power Plants/Bio-Gas projects/ E Mobility/ New Technologies etc. as per the directions of Government of Kerala & MNRE and Project Management Consultancy services to various Government/PSUs as the Nodal Agency of Government of Kerala and Ministry of New and Renewable Energy.

2. The REC as a collective forum of professional units engaged in works associated

with Renewable Energy has expertise and experience in all fields ANERT is engaged with - be it solar or E mobility - with enough Technical expertise / Field experience with inherent ability thereby gained to provide manpower requirements/ services to address projects/ Works allotted by ANERT as per necessity.

3. The ANERT as the nodal agency for MNRE and the professional body established by Government of Kerala having expertise and professional skills, agree to hire the services of the REC to fulfil the manpower requirements associated with projects as it may deem fit from time to time on the terms and conditions set forth in this MoU.

4. Both parties entered into an agreement whereby ANERT could utilize the strengths of the consortium that complement the requirement of ANERT for deployment of Renewable Energy resources for their mutual benefits especially in the implementation of Solar City, Thiruvananthapuram.

5. Service charges to the consortium will be as per the common norms issued for Urjamithra centres and other services from time to time. Which will be applicable to other organisations availing services of Urjamithra centres or REC till this MoU is valid and in force.

   ANERT will assign the work requirement to REC as and when required along with a timeline to complete the same. REC shall arrange the required manpower with necessary skill to meet the requirement. Report on the assigned work has to be submitted programme in-charge assigning the same. The report will be verified by the Programme in-charge and acceptance certificate will be issued. Based on the acceptance the charges to the consortium will be released on a biweekly basis.

6. Operation and maintenance of Solar Power Plants, Solar Street lights or any other Systems Renewable Energy system can be undertaken by REC from ANERT or directly from the EPC during the O&M period The charges will be as per the rate card finalised and published by ANERT with consultation with REC. It is the responsibility of REC to execute the work to the satisfaction of awarding authority.
7. For smooth and flaw free communication and operation a desk space will be provided along with the field implementation wing of Solar City.
8. REC may also take up the responsibility of a call centre in connection with O&M, Service and maintenance programmes implemented through ANERT.
9. REC can also be entrusted with warranty responsibility and Operation maintenance of EPC who is not providing O&M and service to the consumer. The expense in this regard shall be charged against retention money or money forfeited from EPC for non-compliance of tender conditions.

10. ANERT shall also provide Skill upgradation training to REC team, if required as in the case of other Urjamithra entrepreneurs.
11. All office orders with respect to the services hired from REC / have to be deemed to be part of this MoU.
12. If any additional work other than existing has to be added to the services it will be incorporated on mutual consultation.
13. This MoU will be further guided by Govt. orders/guidelines based on it from time to time.
14. A working group with following members will be constituted for smooth functioning of REC with respect to the work assigned by ANERT. Project In-charge, ACTM, CTM and two Nominated members of REC.

FINANCIAL TERMS

1. General terms and conditions formed as per mutual understanding and included as annexures attached herewith shall be binding on both parties.(Annexure-1)
2. The rates for works associated and agreed upon by both parties attached to MOU as annexures shall be binding on both parties.(Annexure-2)
3. Procedures/ Work flow/ Rates etc of additional works generated in future which are not covered under existing Annexures may be decided by mutual discussions on a case to case basis

VALIDITY OF MOU AND ITS AMENDMENT

1. This MoU shall remain in force from the date of signing of this MoU for a period of one year that could be extended for a period as mutually agreed upon by and between the two parties in writing.
2. Except otherwise provided therein, no addition, amendment or modification of any part of the MoU shall be effective unless done in writing and signed by and on behalf of both parties by their respective Authorized Signatories.
3. However, the agreements entered based on project-to-project case shall be valid based on the mutually agreed terms therein.
